I've been driving an electric car now for 3 years and have struggled at times finding a fast charger or even a #2 charger. I put solar panels on my roof and am renting them because I can't afford to purchase them. Our planet is in CRISIS and we need to ALL pitch in to try to decrease our footprint. I contribute to the Arbor Foundation, World Wildlife , Environmental Defense , Green America, and Save Lands. The very least the Government can do is make sure we don't add any more carbon form fossil fuels to our air.

Thank you,

Betsy Cutler RN, CRNI
Senior Research Nurse
Clinical Research Center
University of Vermont Medical Center
