Vermont Better Roads Grant Program Application CATEGORY A: ROAD INVENTORY AND CAPITAL BUDGET PLANNING PROJECT

Town/Organization: Coventry Town Project Name: Comprehensive Road Erosion Inventory & Capital Budget Planning

Inventory Type: ☑ Town wide ☐ Watershed (please list): _____

Describe how the grant funds will be spent and attach a project budget:

Currently, no assessment planning document exist that addresses water quality issues in the town. Working alongside the Orleans County NRCD, an inventory of our public town roads will focus on identifying, assessing, prioritizing and planning to expand water quality improvements in the watershed. By developing corrective strategies using BMPs standards, the proposed project will help address water quality concerns related to excessive sediment going into streams, while addressing town priorities and working toward applying for the upcoming general permit.

How do you plan to meet the required 20% match on this grant?

The town road foreman will be providing in kind match through the inventory development process and the town will pledge cash match for the remaining amount.

Requested Grant Amount ($8,000 max): $ 8,000.00

Estimated Total Project Cost (including 20% local match): $ 2,000.00

Estimated Completion Date: 12/01/2017

☐ Please check this box if you would like to contract your project through your RPC

REQUIRED ATTACHMENTS: a) Project budget b) Appropriate supporting documents.

By signing this application I certify that all the information provided is accurate to the best of my knowledge. We will comply with all the requirements of the grant including making our books available for audit if required.
