To Whom it May Concern:

The Essex County Natural Resources Conservation District is pleased to announce it will be working with the Town of Granby in conducting their Road Erosion Inventory, Category A.

We will be utilizing the guidelines outlined under the DEC Municipal Roads Program. We will focus our efforts based on Priority Road Segments and the Interim Road Erosion Inventory—The 5 C's. We are closely working with other Conservation Districts and will be utilizing their current road erosion template for consistency.

We welcome any other guidance and look forward to working with the Town of Granby in completing the above task.

Thank You for your time,
Sincerely,
Heather Robinson
