Disclaimer: This table is provided for information purposes only with no statutory enforcement power. Some housing programs have program-specific income, rent and/or purchase price requirements which should be used for activities conducted through these programs. The information provided above is not necessarily applicable in any way to any VHFA non-loan programs. These estimates do not constitute in any way any pre-qualification, evaluation of loan amount, qualification or approval of any loan by any lender, including lenders under VHFA mortgage programs. This is not a disclosure, nor an offer of credit and no guarantees are implied. Your actual loan amount and payments may vary. The managers of this web site assume no responsibility for any errors, omissions or calculations made with this table. For actual loan and payment amounts, please contact a lender in your local area. Visit VHFA's website at <http://www.vhfa.org/homebuyers/lenders> for a list of lenders offering VHFA affordable home mortgage products.

\*In counties with median income estimates lower than for the entire state, Vermont Chapter 117 recommends the use of the median for the entire state. For 2022, Bennington, Caledonia, Essex, Lamoille, Orange, Orleans, Rutland, Washington, Windham, and Windsor counties all had median income estimates lower than the \$92,800 median statewide.

\*\*Income levels shown are based on HUD estimated median income for 4-person households and on HUD adjustment factors for other household sizes. Maximum gross rent and purchase prices affordable are based on HUD guidance stipulating that homes have at least 1 bedroom for every 1.5 people in the household. This means that the affordable rent and purchase price of a 1 bedroom home are based on the average of the median incomes of 1 person household and of a 2 person household as a proxy for the median income of a "1.5 person household". The affordable rent and purchase price for a 2 bedroom home are based on the median income of a 3-person household (i.e. 2 bedrooms x 1.5 people/bedroom = 3-person household). For a 3 bedroom home, the rent and price are based on the average of the median incomes of a 4 and 5 person household. For larger households, the 4-person income threshold should be multiplied by an additional 8% for each person beyond 4. For ex., the threshold for an 8-person household is 32% (4 additional people \* 8%) multiplied by the relevant 4-person income threshold.

\*\*\*Consult the manager or developer for utility cost estimates of specific rental units. Alternatively, utility allowances linked on this page can help estimate utility costs.

\*\*\*\*Purchase price affordable assumes 5% downpayment, average VT insurance, taxes and interest rates and a 30% affordability threshold (i.e. that the buyer spends 30% of income for principal and interest payment, taxes and insurance). To adjust for all or a portion of mandatory condo or HOA fees, reduce the Max Purchase Price Affordable by monthly fee amount times 140.
