Are you a mechanic or paid staff member of a Vermont bicycle retailer offering suspension service to customers? This half-day skills training will prepare professionals:

- Provide customers with a higher quality baseline suspension setup;
- Articulate to sales staff+customers what adjustments to make to improve their riding experience; and
- Provide improved routine maintenance protocols and repertoire.

The training is organized by the Vermont Outdoor Business Alliance and the curriculum is designed and instructed by suspension systems expert of Green Mountain Pro Tune and Base Camp.
