INFORMATIONAL HANDOUT FOR REMOTE MEETINGS

Accessing a Meeting
Please refer to the notice and agenda for information on how to access a remote meeting.

Participation
All meetings will be conducted in accordance with the respective “Rules of Procedure” to the extent practicable. VEPC will follow its agenda and allow those assigned attendees to participate through voice (audio) means where appropriate or alternatively using any chat function during the designated public comment periods on the agenda. Those participating in certain agenda items will be moved from an attendee to a panelist when their agenda item is under consideration.

The Chair will invite comment during the time designated on the agenda for public comment or other times as determined by VEPC.

When a participant/attendee is unmuted, they must state their name before commenting.

If VEPC moves to enter an executive session, participants in that executive session will be moved into a private virtual meeting room, anyone that is not part of the executive session will remain in the general room. This will prevent attendees from hearing or participating in the meeting during the duration of the executive session. When VEPC exits executive session the Council and staff will reenter the general room with the attendees.

When VEPC adjourns the meeting, the host/organizer will end the electronic meeting by turning off/closing the remote meeting software. Attendees will be automatically disconnected. Minutes of the meeting will be made available in accordance with VT’s Open Meeting and Public Records Laws.
