- 4) You can now upload documents to the DropOff portal. To do this, drag-and-drop files into the area labeled “Drag & Drop Files Here” as shown below. You can also click on “Browse Computer” which will allow you to select files via File Explorer. We recommend uploading individual files rather than folders with files in them.

- 5) Once all documents are listed as “Ready,” the “Send Message” button will turn green. Click on this button to send the files.
