## V. Committee Updates

### • Outreach

- Mr. Brangan reported the Committee has met a few times since the last Commission meeting. A plan for collecting feedback from Vermonters is still in development. The outreach plan for public engagement and listening sessions is running a little behind as we continue to draft strategy, engage a moderator, and contract Alex Piper for the content of those sessions. Outreach sessions will run from June through the fall. The Outreach Committee will be meeting again in June and all members of the Commission are welcome to attend.

### • Education

- Mr. Holland reported the Committee is looking toward professional development opportunities with Vermont educators, with the idea of bringing Social Studies teachers up to date with the 250<sup>th</sup>. The Committee continues to engage with Fort Ticonderoga staff regarding to educational programming that the association is already doing in Vermont. Currently, the Education Committee is working to establish the “roots” of communication with the education community.
- Mr. Spivak reminded the Commission of the presentation by Angela Labrador, *Freedom and Unity*, and asked if it could be used as a potential model to draw in the education community. At this time, due to the scope of the initial project creating the presentation, it is not on a platform that others, especially educators and communities, can access.

Mr. Krueger made a motion to explore the scope of work and accessibility options for an expanded platform for the *Freedom and Unity* project, with the chair authorized to spend up to \$10,000; Mr. Hughes seconded the motion.
