Hi Keith,

Work backed up and I'm running late (story of my life), but I reviewed the project again and put together the following work estimate.

Site setup and lift :: \$6,000

Paint stripping of base metal area around steeple clocks:: \$8,000

Prime with direct to metal primer and top coat 2 coats :: \$5,000

Total Labor & Materials :: \$19,000

I will try and put this in a more formal format when I get back to the office. Just running a little late.

Best,

Peter
