

October 2016

Dear Residents of Granville and Hancock,

The Corner School Resource Center is coming up on a new grant cycle and we need your input on how you think the renovated 1877 former schoolhouse located on Post Office Hill Rd in Granville can best serve the communities of Granville and Hancock. Please take a few minutes to indicate which services and activities you would like to see. Do you have talents you'd like to share, things you want to learn? Please share your ideas!
