Subject: site visit / new Dep Commish

Yes, I heard from Matt Garland. Thank you.

Also, a heads up: you will be receiving a site visit request – we [VT DEC] have a new Deputy Commissioner (Alyssa Schuren) who has been tasked with managing VY permits; and she is interested in touring your facility. I will be there, as well as some other interested individuals.

I kind of assumed that you would be the contact person for this, please correct me if I'm wrong!

Thanks,
Julia

p.s. you should be getting a phone call from a colleague of mine, Matt Garland. He is overseeing the cooling tower fungicide treatment which I think is scheduled to occur sometime next week. Lynn

Hi Lynn,

We are going to allow Bulab 8006 to be used in the circulating water.

Formal documentation to follow.
