

# 2023 VTrans Small Scale Bicycle and Pedestrian Grant Application

---

1. Project Title:
2. Applicant Name(s):
3. Project Contact Info:
  - a. Name:
  - b. Mailing Address:
  - c. Town:
  - d. Zip Code:
  - e. Email Address:
  - f. Phone Number:
4. Fiscal Information:
  - a. Accounting System                      Automated              Manual                      Combination
  - b. Unique Entity Identifier #
  - c. Fiscal Year End Month
5. RPC(s)

RPC Notified about this application?
6. Project Description: Please give a brief description of the project (100 words or less.) Detailed information should be submitted as part of addressing the selection criteria. Be sure to include identifying streets or landmarks served by the proposed project.
7. **TOTAL SMALL-SCALE PROJECT CONSTRUCTION  
AMOUNT APPLIED FOR (including 50% local share)**

**Note: Maximum of \$150,000 (\$75,000 state/  
\$75,000 local)**

## 2023 VTrans Small Scale Bicycle/Pedestrian Grant Program – Criteria Template

Applicant Name: Town of Burke

Project Title: East Burke Crosswalk

### Application Checklist

Make sure everything is included and pages numbered.

(1) Project Application Form (separate PDF file)

All other materials noted below to be provided in the same order as below.

(2) Project Map(s)

(3) Project Evaluation Criteria Documentation (complete following questionnaire)

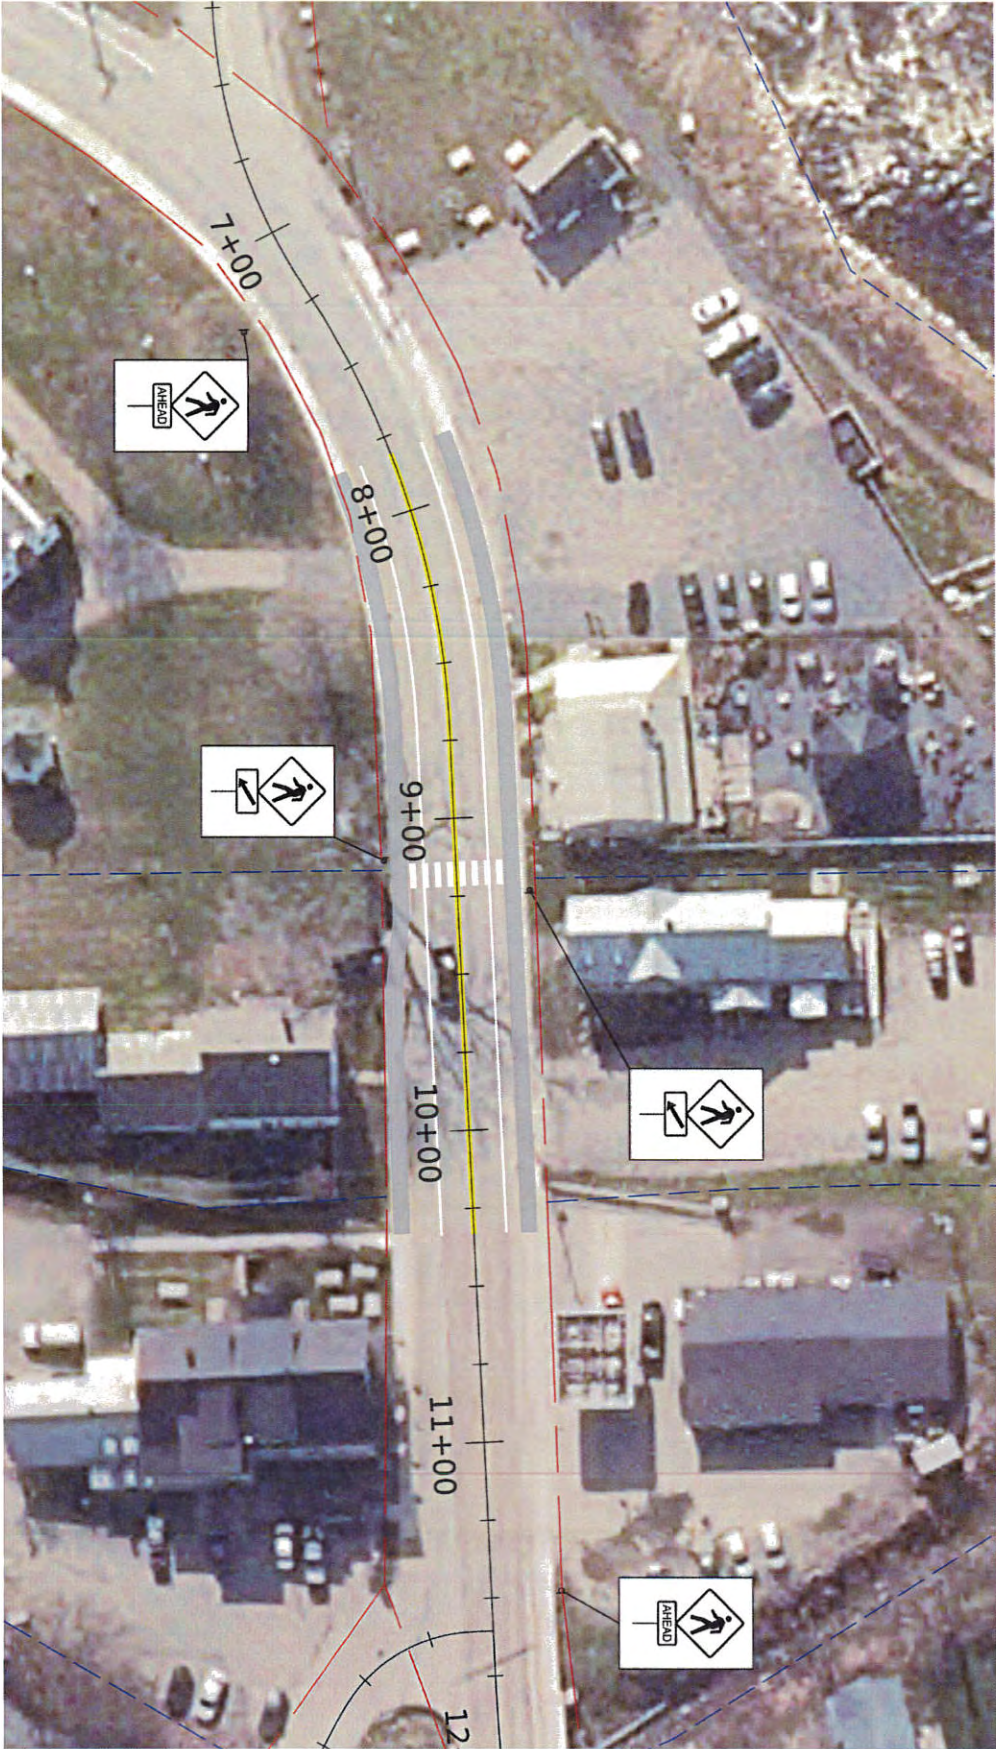

(4) Budget support information (e.g. detailed cost estimate)

(5) Project area photographs (minimum of two current photos)

(6) Notify your Regional Planning Commission

(7) Current letter of support from the municipal governing body acknowledging their willingness to provide the local match and future maintenance responsibility

(8) Documentation of contact with VTrans District office if project is on the state highway system

June 8, 2023

#### Community Needs:

East Burke Village has a lot of traffic (both vehicular as well as pedestrian and biking) that moves through and within the Village.

This crosswalk will be located on VT Route 114 east to west as indicated on the maps and picture provided. This is an important and relevant safety improvement to better complete connectivity from existing crosswalks, and multi-use paths.

It will provide a safe crossing as well as vehicular traffic calming measures. The crosswalk area will be approximately 22 feet in length with ADA accessible access onto both sides of the road.

#### Project Budget:

In 2022 the Town of Burke applied for and received a feasibility study to look at four different areas within East Burke Village. The study was completed by Stantec Consultants the study provided cost estimated for this project which is included. The study included two options that were considered by the public during an alternatives meeting that was held during the process. This particular option was agreed to provide a safe crossing without creating a hazard or difficulty maintaining the highway.

#### Complexity:

This is a relatively straight forward project it involves being in the State Highway ROW with little to no impact to properties on either side of VT Route 114.

Project Coordination:

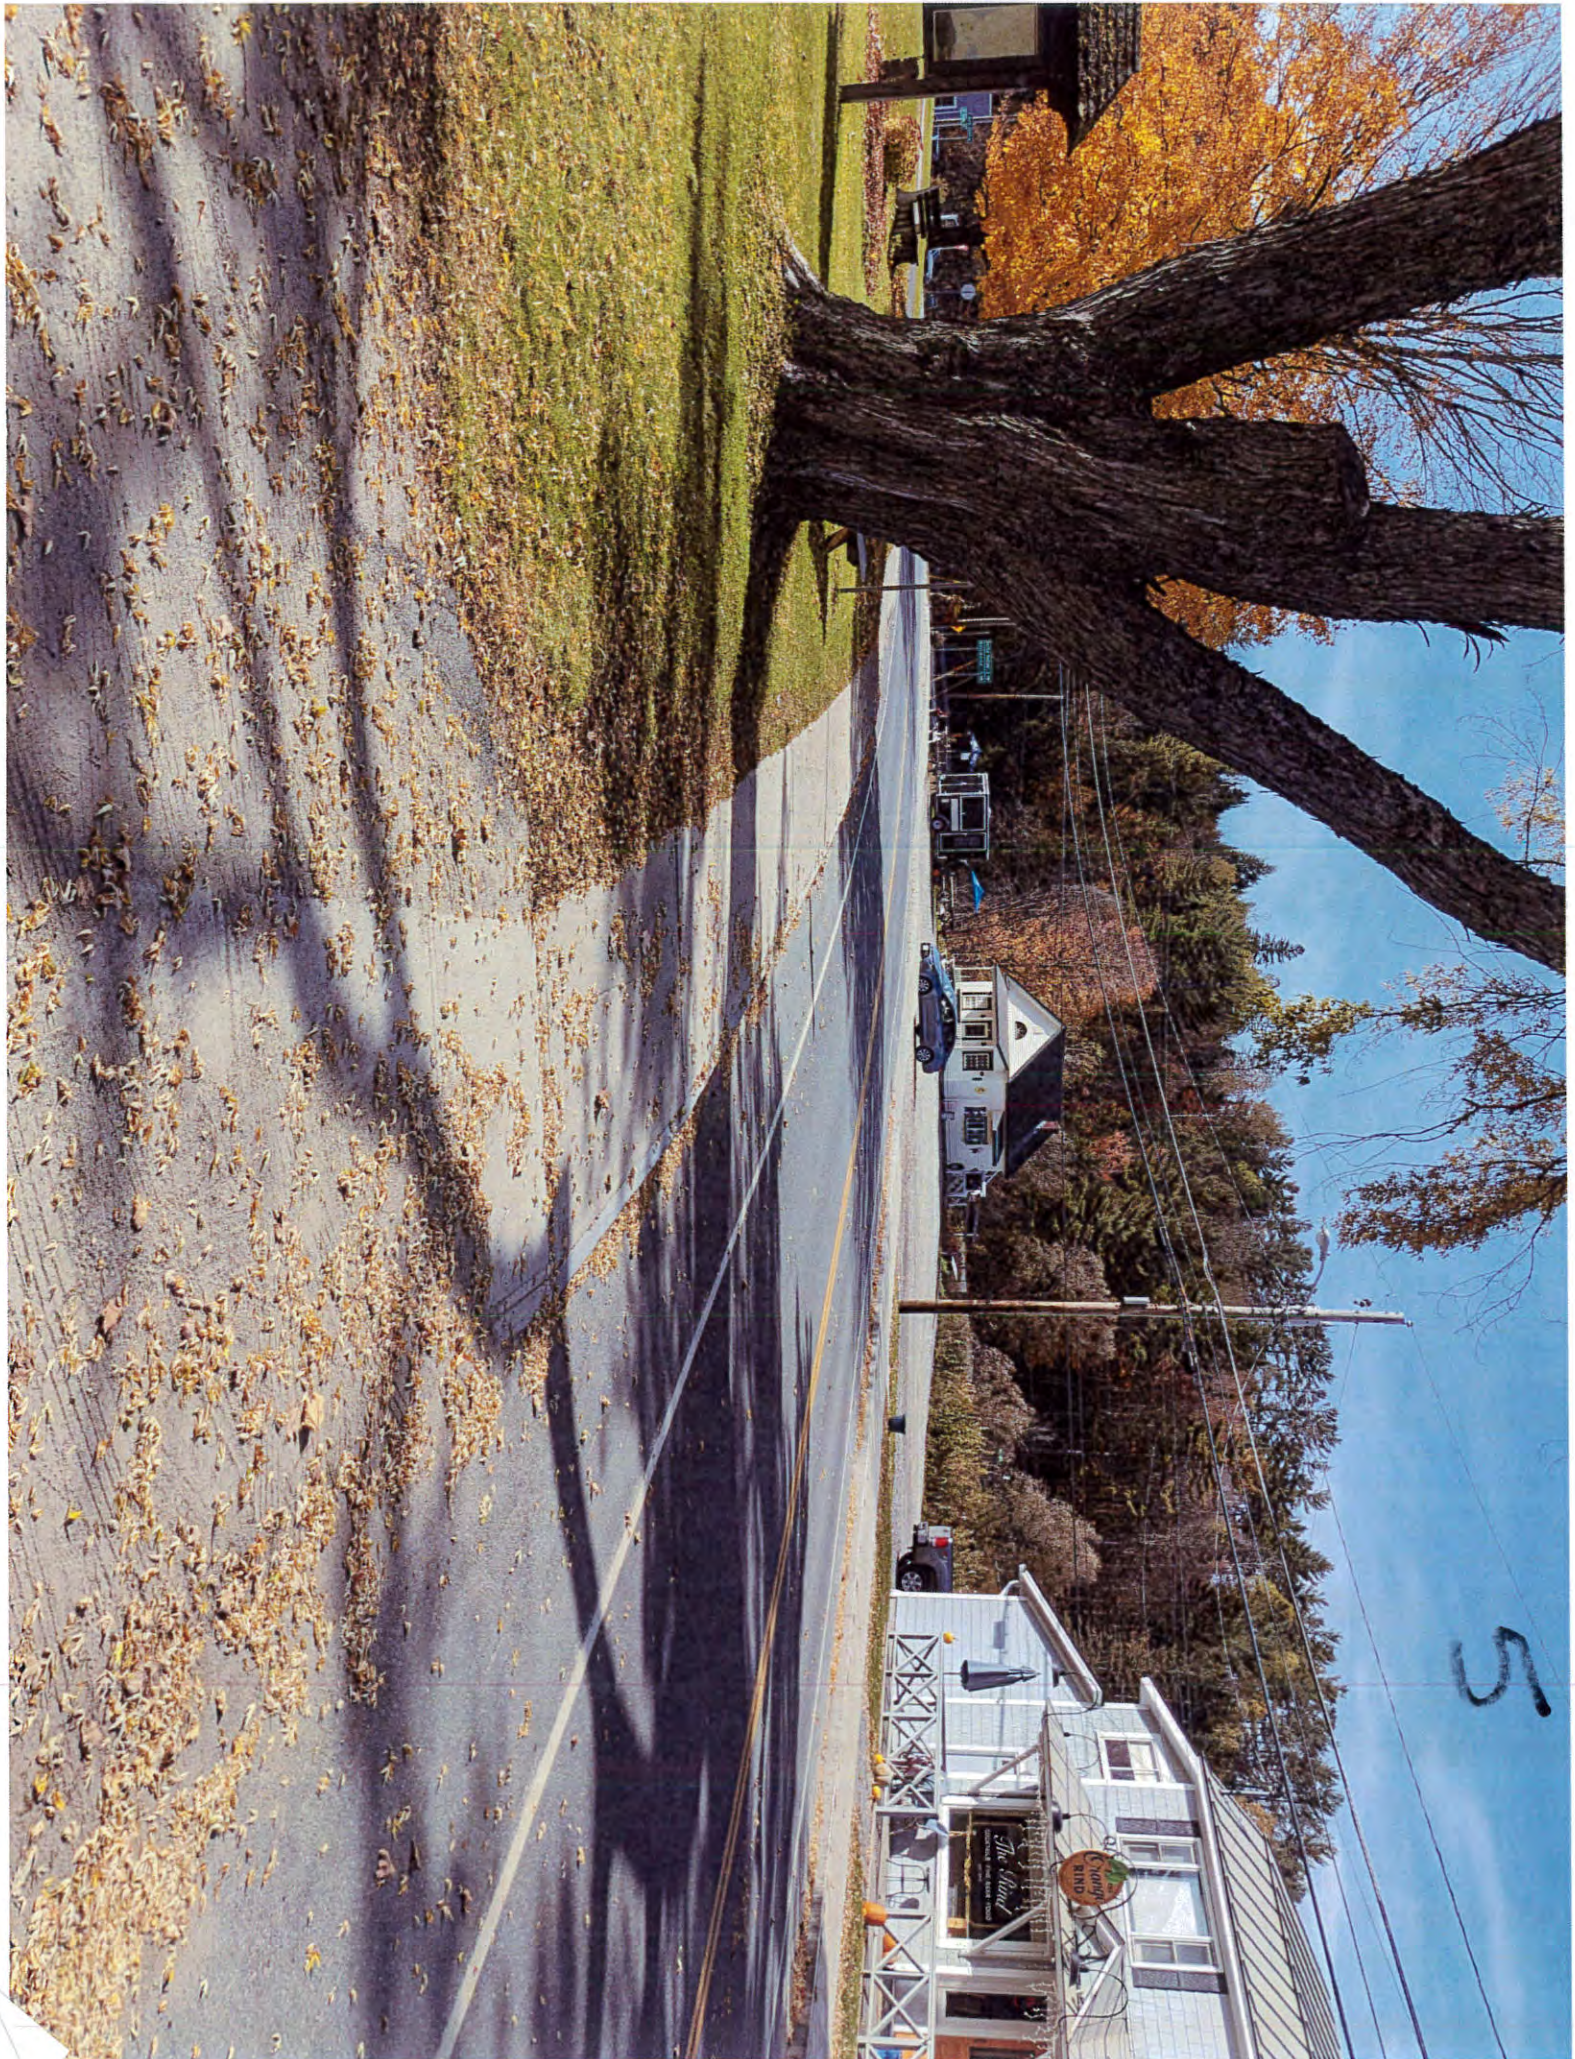

To our knowledge there are no highway projects or improvements being planned for this area.

Project Commitment:

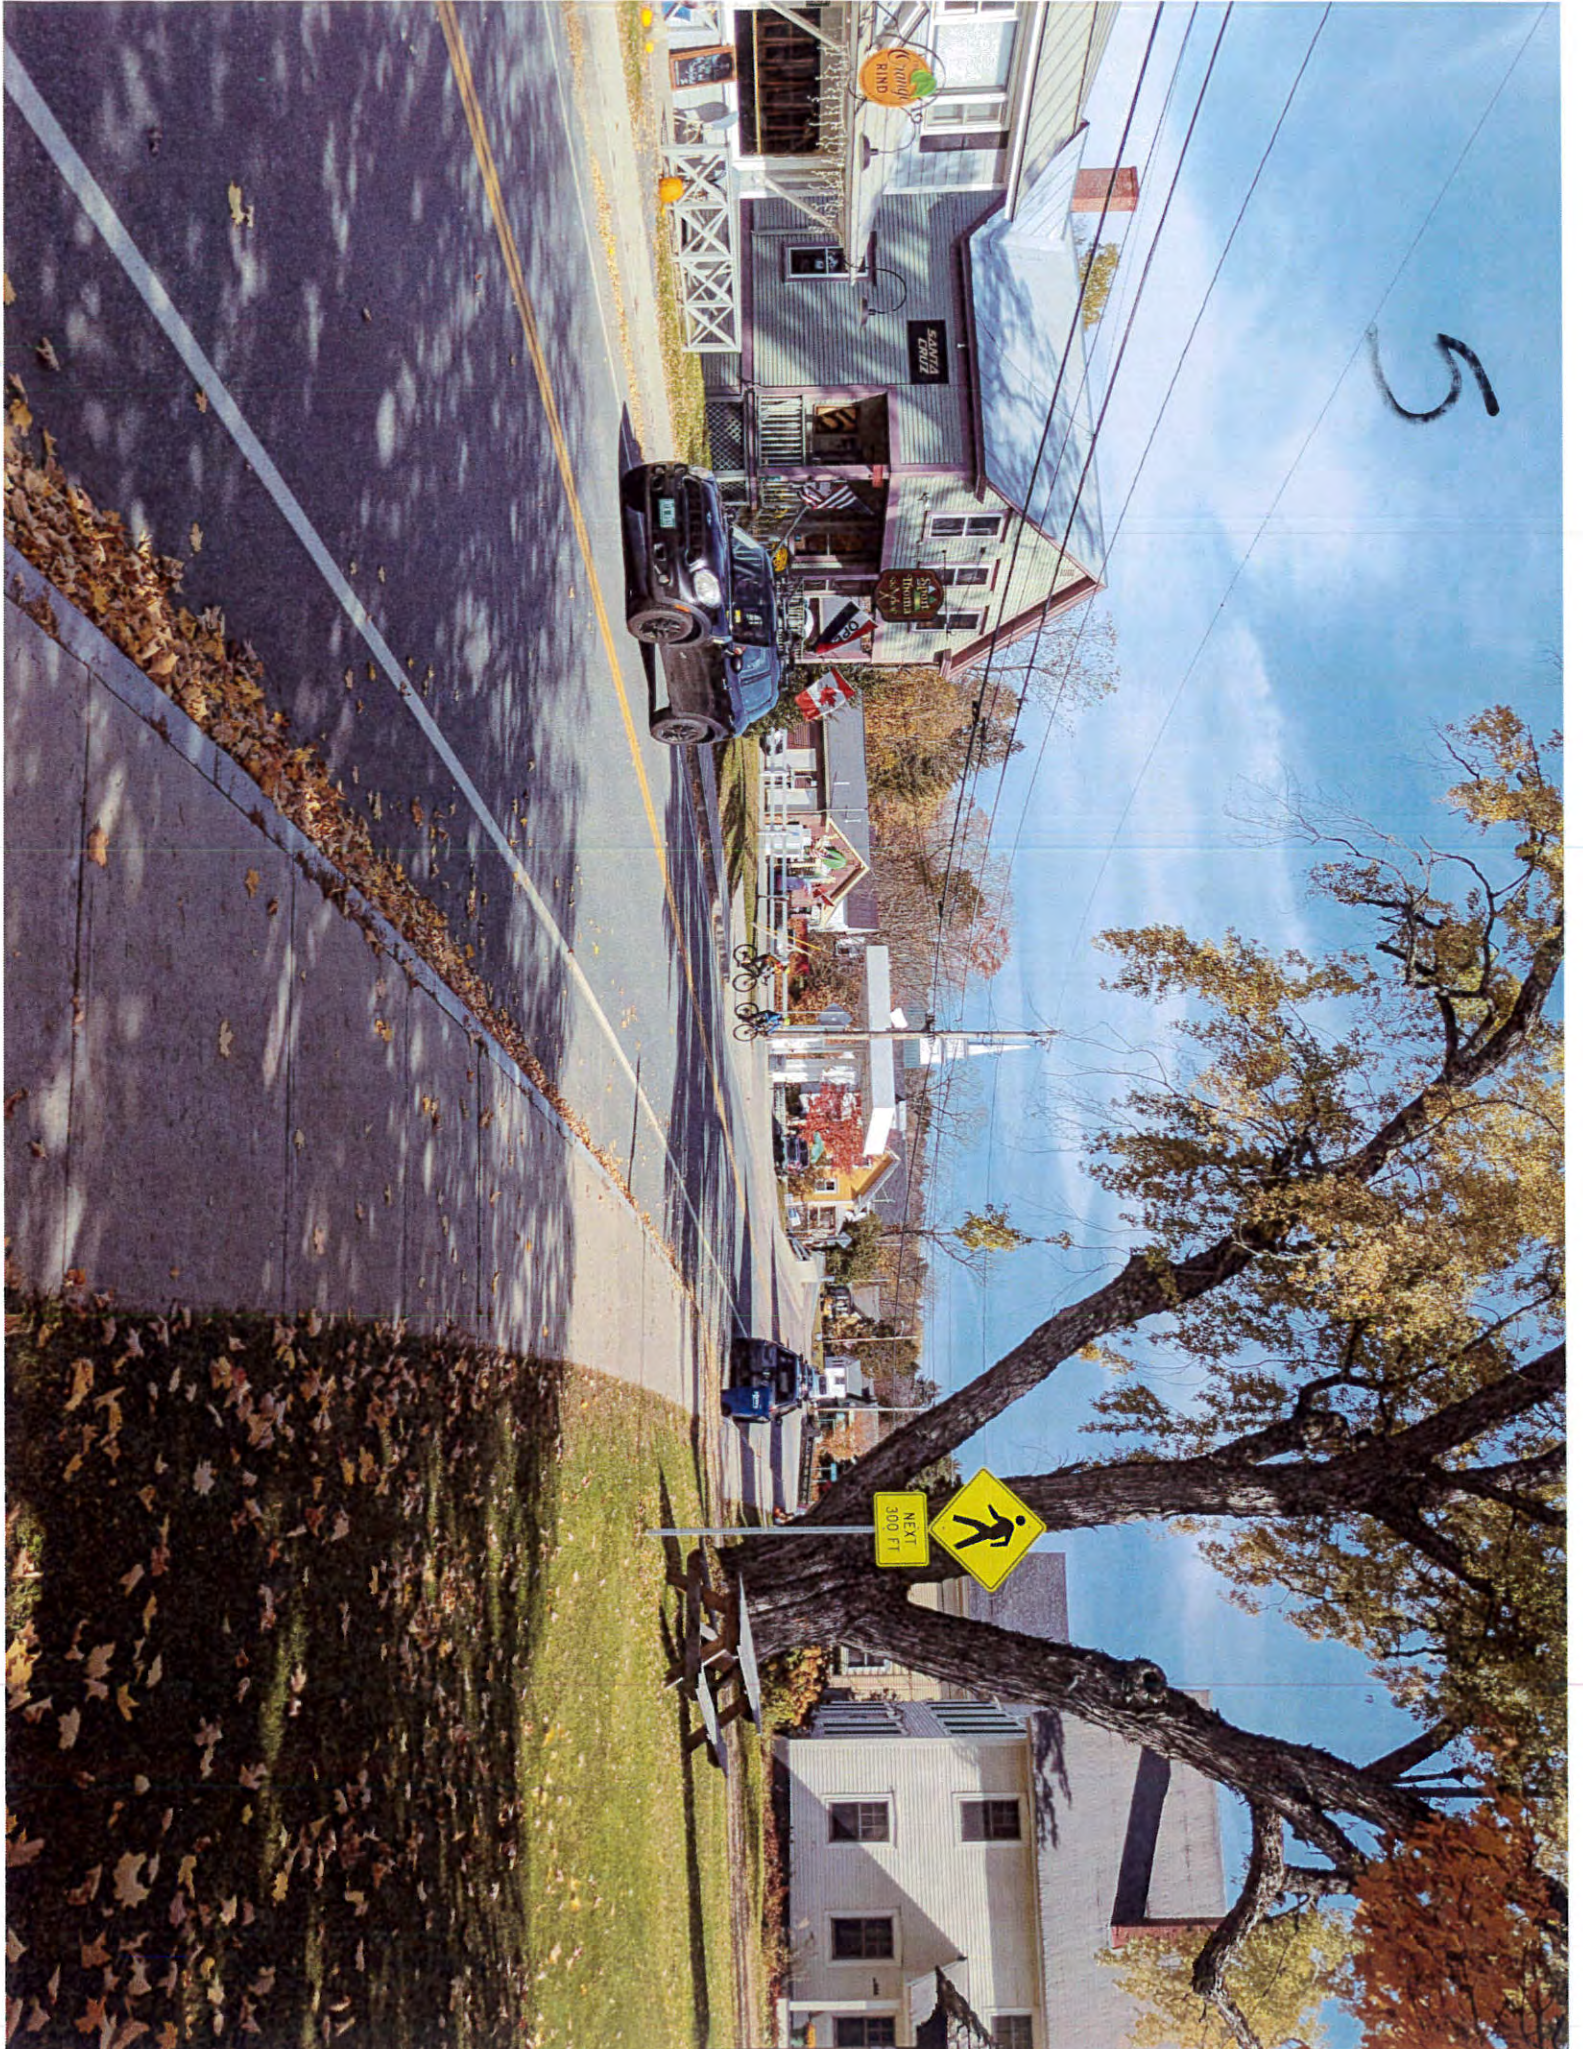

This was identified as a high priority among the other projects that are being considered. Its something that the SelectBoard has been concerned with in recent years. During the presentation at the June Selectboard meeting it was agreed to support moving forward with this.

## small scale grant

---

From: mike harris (harris37@yahoo.com)

To: logan.perron@vermont.gov

Date: Friday, June 9, 2023 at 07:07 AM EDT

---

Good Morning Logan,

I am notifying you that the Town of Burke is applying for the V-Trans Small-scale grant for a crosswalk in East Burke Village that will cross VT Rout 114 and will require working in the ROW.

Thanks

Mike
