Sharon,

With these grants it is sometimes required that you have a letter of support from the district. Let me know if this is something you need, and I would be more than happy to provide a letter. Once you have a grant then the town would need an 1111 permit to build/do any work in the state ROW. I have Cc'd Kyle Carpenter on this email as he handles all of our permitting.

Hi Steven,

The Town of Highgate is applying for a VTrans Bike & Ped Grant for additional sidewalks in Highgate. The portion adjacent to the State's Right-of-way would be along Route 78, between St. Armand Road and Gore Road, roughly 370 feet and sidewalk width of 5 feet. The grant requires coordination with the District and I assume permission. Please let me know what I would need to do to make this easy for both of us.

Thanks,

Sharon Bousquet
Highgate Town Administrator
