Kevin: The Town of Berlin is once again applying for federal funding to construct the Berlin New Town Center Gateway.

This project will include:

- .5 acres of gravel wetland
- 1060 feet of sidewalk
- 1090 feet of multi-use path
- Streetscaping and lighting

All these to support Berlin's Designated New Town Center, which envisions 350-500 units of housing in the next ten years.

As the Gateway intersects with Route 62, I am asking your support for this project.

Please do not hesitate to contact me with any questions.
