Subject: Application for Transportation Alternatives Grant

Dear Mrs. Benjamin;

On behalf of Two Rivers-Ottawaquechee Regional Commission, please consider this letter of support for an application for assistance under the FY 24 Vermont Transportation Alternatives program. If awarded, this grant would underwrite the costs for a scoping study for Creamery Road. A sidewalk scoping study is essential for determining whether the improvement of pedestrian movement at this location is feasible.

The project is also in line with the transportation, pedestrian, and bicycle goals of the two Rivers-Ottawaquechee Regional Plan, which are to “expand opportunities for walking and bicycling in the region” and “promoting walking and bicycling as a viable means of transportation in the region” (p. 78)

Please let us know if you have any questions or concerns.

Thank you,

Peter G. Gregory, AICP
Executive Director
