Dear Mr. Robertson,

Attached is the grant application for a scoping study to connect the village of Bradford to the town's Park and Ride and Tri-Valley Transit bus stop by a pedestrian safe sidewalk.

On November 21<sup>st</sup>, the Bradford Selectboard approved the Planning Commission's application including the town match of \$10,000.

As Peter Gregory of Two Rivers Ottauquechee Regional Planning Commission states in his Letter of Support, this project is consistent with the Regional Plan and State goals to have safe pedestrian access to public transportation.

This project is an important step in the town's effort to maintain and improve bicycle and pedestrian travel.

Please contact me if you have any questions.

Sincerely,

**Michael E Wright**
