Re: Vtrans Fall 2023 TAP/MHSMP Grant

Dear Mr. Robertson,

As you may know we are currently finishing up with a Stormwater Improvement Project here in the Village to help the amount of phosphorous that enters the Mad River. This being said, it is important to our board, towns people and neighbors to continue moving forward with clean water projects, such as the town Salt Shed, TAP/MHSMP Grant.

The Town of Moretown Selectboard supports this grant application to help fund the building of a new Salt Shed. If awarded, a line item for the town's share of the expenses will be placed in the town budget.

Thank you for your time and consideration.

Sincerely,

John Hoogenboom
Vice-Chairman,
Moretown Selectboard
