

Town of Weathersfield 2024 TAP Application

Weathersfield Town Plan (2018 Draft Updates) Excerpt

Appendix C - Project Summaries - Project 4

Pages 8-11: See Attached PDF

Weathersfield Town Plan (2017) Excerpt

Page 39:

Recommendation 3.7.2.5:

Encourage non-motorized transportation such as biking and walking. Consider the practicality of expanding road widths to accommodate pedestrian and bicycle lanes whenever paved roads in the town require resurfacing. Plan for either sidewalks or paved and marked pedestrian/bike shoulders on major roads in Perkinsville and Ascutney, especially near the school. This would include Route 106 through Perkinsville and Routes 5 and 131 in Ascutney. (Planning Commission, Select Board & HighwayDept.)

Regional Transportation Plan (2022) Excerpts

Pages 4-7

Goal 3: Provide for the safe, secure, convenient, economic, and energy efficient movement of people, goods, and services.

Goal 8: Provide the infrastructure to support traditional settlement patterns of compact villages and downtowns separated by rural countryside.

Policy 4: Safety for all modes shall be a priority criterion for the regional and state project development and prioritization processes.

Policy 5: Furthering equity in the transportation system and transportation services shall be a priority criterion for the regional and state project development and prioritization process.

Policy 22: The transportation system shall promote energy efficiency and driving less.
