Contact Information: _____
(Telephone Number and Email Address)

NOTE: The Manufacturer is the only entity that can conclusively certify that all tests have been performed on the material and that the results of those tests meet VTTrans specifications. However, if the supplier or contractor can provide documentation that establishes an auditable chain of custody for the material that also shows it meets VTTrans specifications then they can accept full legal responsibility for the manufacture of the material and sign the certification form.

The signor of this form is subject to the Vermont False Claims Act as set forth in 32 V.S.A. § 630 *et seq.*, and shall not discriminate or retaliate against any employees or agents for disclosing information concerning a violation of law, fraud, waste, abuse of authority or acts threatening health or safety, including but not limited to allegations concerning the False Claims Act.

THIS CERTIFICATION SHOULD BE SENT TO:

Project Manager

(Telephone Number and Email Address)

NOTE: The Manufacturer is the only entity that can conclusively certify that all tests have been performed on the material and that the results of those tests meet VTrans specifications. However, if the supplier or contractor can provide documentation that establishes an auditable chain of custody for the material that also shows it meets VTrans specifications then they can accept full legal responsibility for the manufacture of the material and sign the certification form.

Certifications for materials requiring a Type "C" or "D" certification as specified by the Vermont Standard Specification for Construction, General Special Provisions, or Contract Documents must include a Certificate of Analysis (COA) as well as a Certificate of Compliance (COC).

The signor of this form is subject to the Vermont False Claims Act as set forth in 32 V.S.A. § 630 *et seq.*, and shall not discriminate or retaliate against any employees or agents for disclosing information concerning a violation of law, fraud, waste, abuse of authority or acts threatening health or safety, including but not limited to allegations concerning the False Claims Act.

NOTE: The Manufacturer is the only entity that can conclusively certify that all tests have been performed on the material and that the results of those tests meet VTrans specifications. However, if the supplier or contractor can provide documentation that establishes an auditable chain of custody for the material that also shows it meets VTrans specifications then they can accept full legal responsibility for the manufacture of the material and sign the certification form.

Certifications for materials requiring a Type "C" or "D" certification as specified by the Vermont Standard Specification for Construction, General Special Provisions, or Contract Documents must include a Certificate of Analysis (COA) as well as a Certificate of Compliance (COC).

The signor of this form is subject to the Vermont False Claims Act as set forth in 32 V.S.A. § 630 *et seq.*, and shall not discriminate or retaliate against any employees or agents for disclosing information concerning a violation of law, fraud, waste, abuse of authority or acts threatening health or safety, including but not limited to allegations concerning the False Claims Act.

NOTE: The Manufacturer is the only entity that can conclusively certify that all tests have been performed on the material and that the results of those tests meet VTTrans specifications. However, if the supplier or contractor can provide documentation that establishes an auditable chain of custody for the material that also shows it meets VTTrans specifications then they can accept full legal responsibility for the manufacture of the material and sign the certification form.

Certifications for materials requiring a Type "C" or "D" certification as specified by the Vermont Standard Specification for Construction, General Special Provisions, or Contract Documents must include a Certificate of Analysis (COA) as well as a Certificate of Compliance (COC).

The signor of this form is subject to the Vermont False Claims Act as set forth in 32 V.S.A. § 630 *et seq.*, and shall not discriminate or retaliate against any employees or agents for disclosing information concerning a violation of law, fraud, waste, abuse of authority or acts threatening health or safety, including but not limited to allegations concerning the False Claims Act.

(Telephone Number and Email Address)

NOTE: The Manufacturer is the only entity that can conclusively certify that all tests have been performed on the material and that the results of those tests meet VTTrans specifications. However, if the supplier or contractor can provide documentation that establishes an auditable chain of custody for the material that also shows it meets VTTrans specifications then they can accept full legal responsibility for the manufacture of the material and sign the certification form.

Certifications for materials requiring a Type "C" or "D" certification as specified by the Vermont Standard Specification for Construction, General Special Provisions, or Contract Documents must include a Certificate of Analysis (COA) as well as a Certificate of Compliance (COC).

The signor of this form is subject to the Vermont False Claims Act as set forth in 32 V.S.A. § 630 *et seq.*, and shall not discriminate or retaliate against any employees or agents for disclosing information concerning a violation of law, fraud, waste, abuse of authority or acts threatening health or safety, including but not limited to allegations concerning the False Claims Act.

THIS CERTIFICATION SHOULD BE SENT TO:

NOTE: The Manufacturer is the only entity that can conclusively certify that all tests have been performed on the material and that the results of those tests meet VTTrans specifications. However, if the supplier or contractor can provide documentation that establishes an auditable chain of custody for the material that also shows it meets VTTrans specifications then they can accept full legal responsibility for the manufacture of the material and sign the certification form.

Certifications for materials requiring a Type "C" or "D" certification as specified by the Vermont Standard Specification for Construction, General Special Provisions, or Contract Documents must include a Certificate of Analysis (COA) as well as a Certificate of Compliance (COC).

The signor of this form is subject to the Vermont False Claims Act as set forth in 32 V.S.A. § 630 *et seq.*, and shall not discriminate or retaliate against any employees or agents for disclosing information concerning a violation of law, fraud, waste, abuse of authority or acts threatening health or safety, including but not limited to allegations concerning the False Claims Act.

(Telephone Number and Email Address)

NOTE: The Manufacturer is the only entity that can conclusively certify that all tests have been performed on the material and that the results of those tests meet VTrans specifications. However, if the supplier or contractor can provide documentation that establishes an auditable chain of custody for the material that also shows it meets VTrans specifications then they can accept full legal responsibility for the manufacture of the material and sign the certification form.

Certifications for materials requiring a Type "C" or "D" certification as specified by the Vermont Standard Specification for Construction, General Special Provisions, or Contract Documents must include a Certificate of Analysis (COA) as well as a Certificate of Compliance (COC).

The signor of this form is subject to the Vermont False Claims Act as set forth in 32 V.S.A. § 630 *et seq.*, and shall not discriminate or retaliate against any employees or agents for disclosing information concerning a violation of law, fraud, waste, abuse of authority or acts threatening health or safety, including but not limited to allegations concerning the False Claims Act.

Title: _____

Company or Affiliation

Contact Information: _____

(Telephone Number and Email Address)

NOTE: The Manufacturer is the only entity that can conclusively certify that all tests have been performed on the material and that the results of those tests meet VTTrans specifications. However, if the supplier or contractor can provide documentation that establishes an auditable chain of custody for the material that also shows it meets VTTrans specifications then they can accept full legal responsibility for the manufacture of the material and sign the certification form.

The signor of this form is subject to the Vermont False Claims Act as set forth in 32 V.S.A. § 630 *et seq.*, and shall not discriminate or retaliate against any employees or agents for disclosing information concerning a violation of law, fraud, waste, abuse of authority or acts threatening health or safety, including but not limited to allegations concerning the False Claims Act.

THIS CERTIFICATION SHOULD BE SENT TO:

Project Manager

VAOT Lab No. _____

**Construction & Materials Bureau
Materials Acceptance Program - Certification Unit**

Record of Manufactured Material Certification

Type "A" Certification

Manufacturer: _____

Address: _____

WE HEREBY CERTIFY the following material: 752.15 Grounding Electrodes

Identified by (Lot #, Batch #, Heat #, Unique Identifier): _____

For use on (Project and Line Number): Brandon NH 019-3(496)

In the quantity of: _____

Furnished by (Contractor or Supplier): _____

Contract Name and Number: Brandon NH 019-3(496)

CONFORMS TO ALL REQUIREMENTS OF THE STATE OF VERMONT AGENCY OF TRANSPORTATION 2011 STANDARD SPECIFICATIONS, PERTINENT PROJECT PLANS, AND SPECIAL PROVISIONS FOR THE ABOVE STATED CONTRACT FOR PAY ITEM LISTED AS FOLLOWS: 900.620 SPECIAL PROVISION (ORNAMENTAL STREET LIGHT ASSEMBLY, TYPE B), AND THAT PROCESSING, PRODUCT TESTING AND INSPECTION CONTROL OF RAW MATERIALS ARE IN CONFORMITY WITH ALL APPLICABLE SPECIFICATIONS, DRAWINGS AND/OR STANDARDS OF ALL MATERIALS FURNISHED.
