RE: Grant application to replace an existing 36" x 30ft steel culvert with a 16ft x 9ft x 60ft concrete box culvert (Stone Rd. Culvert #0381)

Dear Mr. Peck,

Thank you for your recent application for funding to the SFY 2019 Transportation Alternatives Program (TAP). Unfortunately, your project was not recommended for funding this year. This was an extremely competitive funding round with 21 applications statewide totaling more than approximately \$4.2 million. Available funding for TAP applications this year was approximately \$2.2 million.

Once again, thank you for your interest in this program and we encourage you to seek funding from the Transportation Alternatives Program in future years. If you have any questions, do not hesitate to contact Scott Robertson, TAP Coordinator for the Municipal Assistance Bureau – Local Projects Section at 802-793-2395 at any time.

Sincerely,

Scott Robertson, PE – TAP Coordinator
