The above supplier requests approval to participate in the VTrans' Umbrella Certification Program (UCP) under the following Sections of the *Standard Specifications for Construction*:

All materials stockpiled at the above facility meet the specifications of the respective Sections listed above?

Yes No If no, please include an inventory plan describing how those materials that do not meet the VTrans' *Standard Specifications for Construction* will be stockpiled to ensure they will not be used on VTrans' projects.

I have read the *Umbrella Certification Program* Guidelines and hereby certify that the supplier identified above will maintain all certification records for all applicable pay items and materials associated with the sections of the *Standard Specifications for Construction* also identified above. This will include all certification requirements as specified in the *Standard Specifications for Construction* and *Contract Documents*, including "Buy America" certifications and AREMA declarations, as applicable. Certification requirements will be maintained for a minimum of 3 years after the date of final voucher.

Furthermore, I understand that certification records are subject to inspection by VTrans' representatives upon demand and failure to produce or maintain the certification records for all materials used on VTrans' projects may result in removal from the Umbrella Certification Program and/or removal of the material from VTrans' projects.
