PERMIT APPLICATION

St. Albans, VT 207  
Ls. O+60, VS 7, L.S. D1+b0

Applicant to Complete

Owner's/Applicant's Name, Address & Phone No. Commons Associates, % Kellogg Properties, 40 West 57th St.  
New York, N.Y. 10019 Telephone 212-586-6756

Co-Applicant's Name, Address & Phone No. (if different from above) Engineers Construction, Inc.  
P.O. Box 2187, So. Burlington, VT 05407

The location of work (town, highway route, distance to nearest mile marker or intersection & which side)  
Town of St. Albans, US-7, beginning + 700' north of VT-207 and extending + 1200' southerly

Description of work to be performed in the highway right-of-way (attach sketch) widening to create an exclusive southbound left turn lane; installation of traffic signals (see plans dated June 16, 1997, 9 sheets attached)

Is a Zoning Permit required? Yes  No  - If Yes, # Planning Commission Approved Sept. 3, 1996

Is an Act 250 permit required? Yes  No  - If Yes, # 6F0027-8 dated December 23, 1996

Other permit(s) required? Yes  No  - If Yes, name and # of each \_\_\_\_\_  
(Use additional sheet, if necessary)

Date work expected to begin September 19 97

Owner/Applicant David Kleger, Commons Associates, % Kellogg Properties, 40 West 57th St., NY, NY 10019

Signature DK Date 9/17/97

Co-Applicant Alan Pigeon, Engineers Construction, Inc

Signature AP Date 9/25/97

PERMIT APPROVAL

This covers only the work described below. Widen US 7 and install a traffic signal at the US 7/VT 207 intersection. This work is being done as part of an Act 250 permit requirement for the Highgate Commons Shopping Center.

The work is subject to the restrictions and conditions on the reverse page, plus the Special Conditions stated on the attached page(s).

Date work is to be completed December 1, 1998

By C. Allan Whiff Issued Date October 8, 1997

Authorized Representative for  
Secretary of Transportation

10/8/97

NOTICE: This permit covers only the Vermont Agency of Transportation's jurisdiction over this highway under Title 19 Section 1111 SA. It does not release the petitioner from the requirements of any other statutes, ordinances, rules or regulations.

SEE OTHER SIDE FOR ADDITIONAL CONDITIONS

Work shall be done under this permit until the owner/applicant has contacted the District Transportation Administrator at:  
the District #8 Office in St. Albans, DTA John Bushey, telephone (802)524-5926.

## RESTRICTIONS AND CONDITIONS

### DEFINITIONS:

"Agency" means the Vermont Agency of Transportation.  
"Engineer" means the authorized agent of the Secretary of Transportation.  
"Owner/Applicant" means the party(s) to whom the permit is to be issued.  
"Co-Applicant" means the party who performs the work, if other than Owner/Applicant.

### GENERAL:

The Owner/Applicant shall be responsible for all damages to persons or property resulting from any work done under this permit, even if the Co-Applicant performs the work. All references to the Owner/Applicant also pertain to the Co-Applicant.

The Owner/Applicant must comply with all federal and state statutes or regulations and all local ordinances controlling occupancy of public highways. In the event of a conflict, the more restrictive provision shall apply.

The Owner/Applicant must, in every case where there is a possibility of injury to persons or property from blasting, use blasting mats and bags of sand, if necessary, to prevent the stone from scattering. All existing utility facilities shall be protected from damage or injury.

The Owner/Applicant shall erect and maintain barriers needed to protect the traveling public. The barriers shall be properly lighted at night.

The Owner/Applicant shall not do any work or place any obstacles within the state highway right-of-way, except as authorized by this permit.

The Owner/Applicant shall install catch basins and outlets as may be necessary, in the opinion of the Engineer, to preclude interference with the drainage of the state highway.

The Owner/Applicant may pay the entire cost of the salary, subsistence and traveling expenses of any inspector appointed by the Engineer to supervise such work.

The Engineer may modify or revoke the permit at any time for safety-related reasons, without rendering the Agency or the State of Vermont liable in any way.

In addition to any other enforcement powers that may be provided for by the law, the Engineer may suspend this permit until compliance is obtained. If there is continued use or activity after suspension, the Engineer may physically close the work area and take corrective action to protect the safety of the highway users.

By accepting this permit, or doing any work hereunder, the Owner/Applicant agrees to comply with all of the conditions and restrictions.

### UTILITY WORK; CUTTING AND TRIMMING TREES:

The Owner/Applicant shall obtain the written consent of the adjoining owners or occupants or, in the alternative, an order from the State Transportation Board in accordance with Title 30, Section 2506, Vermont Statutes Annotated, regarding cutting of or injury to trees.

In general, all utilities shall be located adjacent to the highway right-of-way boundary line and shall be installed without damaging the highway or the highway right-of-way. No pole, pushbrace, guy wire or other aboveground facilities shall be placed closer than 10 feet to the edge of traveled-way. If the proposed utility facilities are in conflict with the above, each location is subject to the approval of the Engineer.

Poles and appurtenances shall be located out of conflict with ditches and culverts.

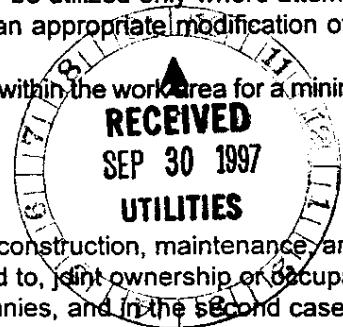

Where the cutting or trimming of trees is authorized by permit, all debris resulting from such cutting and trimming shall be removed from the highway right-of-way.

Open cut excavation for highway crossings is NOT the option of the Applicant, and may be utilized only where attempted jacking, drilling, or tunneling methods fail or are impractical. The Owner/Applicant shall obtain an appropriate modification of the highway permit from the Engineer before making an open cut.

The party or parties to whom the permit is granted shall be responsible for corrective action within the work area for a minimum of 18 months from the date of completion or acceptance.

### JOINT PERMITS:

A joint permit application is required when more than one party will be involved with the construction, maintenance, and/or operation of the facility being constructed under this permit. Examples include, but are not limited to, joint ownership or occupancy of a utility pole line and construction of a municipal utility line by a contractor. Both utility companies, and in the second case, the municipality and the contractor, must be joint applicants.

Commons Associates % Kellogg Properties  
St. Albans, VT 207, L.S. 000+00 & US 7, L.S. 121+60  
October 8, 1997

### **SPECIAL CONDITIONS**

This permit is granted subject to the conditions on the back of the permit, with particular attention given to the Special Conditions listed below.

All work shall be accomplished in accordance with the attached plan dated 8/8/97, with latest revisions of 8/4/97 and 9/5/97.

Materials used must meet Vermont Agency of Transportation's 1990 Standard Specifications for Construction.

The required overlay that the Permit Holder is responsible for must be completed before suspension of work for the winter season.

The Permit Holder is responsible for inspection costs for the permitted work. The Vermont Agency of Transportation may assign a construction inspector during the period of construction. This work will be the subject of our inspection agreement between the State and Permit Holder.

Act No. 86 of 1987 (30 VSA Chapter 86) ("Dig Safe") requires that notice be given prior to making an excavation. It is suggested that the Permit Holder or his/her contractor telephone 1-888-344-7233 at least 48 hours before, and not more than 30 days before, beginning any excavation at any location.

A preconstruction meeting must be held prior to the Permit Holder's employees or contractor beginning work to discuss work to be completed.

The Permit Holder is to have a supervisory representative present any time work is being done in or on the State Highway right-of-way.

Roadway shoulder areas will be maintained free of unnecessary obstructions, including parked vehicles, at all times while work is being performed under this permit.

All grading within the highway right-of-way associated with the proposed construction shall be subject to inspection and approval by the District Transportation Administrator or his staff.

In areas to be grass covered, the turf shall be restored by preparing the area and applying the necessary topsoil, limestone, fertilizer, seed, and mulch to the satisfaction of the District Transportation Administrator.

Commons Associates % Kellogg Properties  
St. Albans, VT 207, L.S. 000+00 & US 7, L.S. 121+60  
Special Conditions  
Page Two

All work in the State highway right-of-way shall be performed during normal daylight hours and shall cease on Sunday, on all holidays (which shall include the day before and the day following), during or after severe storms, and between December 1 and April 15, without specific, written permission from the District Transportation Administrator. These limitations will not apply for the purposes of maintenance, emergency repairs, proper protections of the work which includes, but is not limited to, the curing of concrete and for the repairing and servicing of equipment.

Temporary pavement will be required prior to weekend shutdown after completion of backfilling where an open cut excavation has been made through a roadway subject to vehicular traffic or where construction for any roadway widening for turn lanes has been brought to grade. The temporary pavement shall consist of, at least, 2 inches of compacted bituminous concrete. Temporary pavement shall be properly maintained and shall be replaced with permanent pavement prior to completion of the project or suspension of work for the winter season.

All existing pavement markings that become disturbed or overlaid with pavement shall be replaced with durable markings. All costs associated with this work shall be borne by the Permit Holder.

The Permit Holder shall be responsible to rebuild, repair, restore and make good all injuries or damage to any portion of the highway right-of-way that has been brought about by the execution of the permitted work, for a period of eighteen (18) months after final inspection by the District.

Any variance from approved plans is to be recorded on "as-builts" with copies provided to both the Utilities Engineer and the District Transportation Administrator.

Upon completion of the work by the Permit Holder, a final inspection will be held.

The Permit Holder shall be responsible for all damages to persons and/or property due to or resulting from any work done under this permit. The Permit Holder shall defend, indemnify and save harmless the State, the Agency, and all of their officers, agents, and employees from all suits, actions, or claims of any character, name and description brought for or on account of any injuries or damages received or sustained by any person, persons or property, including all costs or expenses to defend against such suits, actions or claims.

Commons Associates % Kellogg Properties  
St. Albans, VT 207, L.S. 000+00 & US 7, L.S. 121+60  
Special Conditions  
Page Three

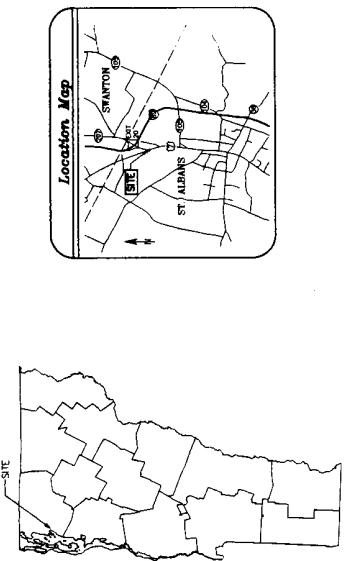

It is incumbent upon the Permit Holder to verify the appropriate safety measures needed, prior to construction, so proper devices and/or personnel are available when and as needed. Traffic control devices, shall be in conformance with the MUTCD (Manual on Uniform Traffic Control Devices), Agency of Transportation Standards and any additional traffic control deemed necessary by the District Transportation Administrator. Failure to utilize proper measures shall be considered sufficient grounds for the District Transportation Administrator to order cessation of the work immediately.

Construction will be performed in such a way as to minimize conflicts with normal highway traffic. Uniformed traffic officers or trained flagpersons, shall be provided when two-way traffic cannot be maintained, and at the request of the District Transportation Administrator whenever he deems it necessary for the protection of the traveling public.

## GENERAL NOTES

- 1) ALL MATERIAL AND CONSTRUCTION SHALL CONFORM TO THE STATE OF VERMONT AGENCY OF TRANSPORTATION STANDARD SPECIFICATIONS FOR CONSTRUCTION AND ASSTO'S STANDARD SPECIFICATIONS FOR STRUCTURAL SUPPORTS FOR HIGHWAY STNS., LUMINAIRES AND TRAFFIC SIGNALS. 1985 OR ITS LATEST EDITION.
- 2) TRAFFIC CONTROL SIGNAL STRAIN POLES SHALL CONFORM TO THE REQUIREMENTS OF SUBSECTION 752.02 - STRAIN POLES, AND SHALL BE FURNISHED AND INSTALLED IN ACCORDANCE WITH SECTION 678 - TRAFFIC CONTROL SIGNALS.
- 3) STEEL POLE CAPS SHALL BE PROVIDED WITH A 2-INCH BUSHED BBL IND. ELECTRICAL ENTRANCE WHEN APPLICABLE. STRAIN POLES SHALL BE PROVIDED WITH A 2-INCH (BLIND) HALF COUPLING FOR SIGNAL CABLE. LOCATED 6'-0" BELOW THE SPANWIRE ATTACHMENT HEIGHT.
- 4) FOUR STAINLESS STEEL ANCHOR BOLTS WITH TWO HEXAGON NUTS, ONE WASHER AND ONE LOCK WASHER PER BOLT SHALL BE FURNISHED WITH EACH POLE. (SEE SUBSECTION 714.09)
- 5) BOLTS AND BASES SHALL BE OF ADEQUATE SIZE TO RESIST THE FULL BENDING MOMENT OF THE POLE AT YIELD STRENGTH STRESS.

- 6) ADDITIONAL DESIGN CRITERIA:  
 CONCRETE -  $f_c' = 1,400 \text{ PSI}$ ,  $f_c = 3,500 \text{ PSI}$   
 WIND LOAD - 25 LBS. PER SQUARE FOOT (MIN.)  
 REINFORCING STEEL  $f_s = 24,000 \text{ PSI}$  (GRADE 60)
- 7) CONCRETE FOR FOOTINGS SHALL CONFORM TO REQUIREMENTS OF CONCRETE CLASS 'B'.  
 SECTION 501 - STRUCTURAL CONCRETE.

- 8) BACKFILL MATERIAL PLACED ADJACENT TO THE FOOTINGS SHALL MEET THE REQUIREMENTS FOR GRANULAR BACKFILL FOR STRUCTURES. SUBSECTION 704.08.
- 9) WHEN THE DESIGN DEPTH OF A FOOTING CANNOT BE OBTAINED DUE TO UNFORESEEN FIELD CONDITIONS, THE CONTRACTOR SHALL NOTIFY THE ENGINEER AND OBTAIN A REVISED FOOTING DETAIL FROM THE ENGINEER.

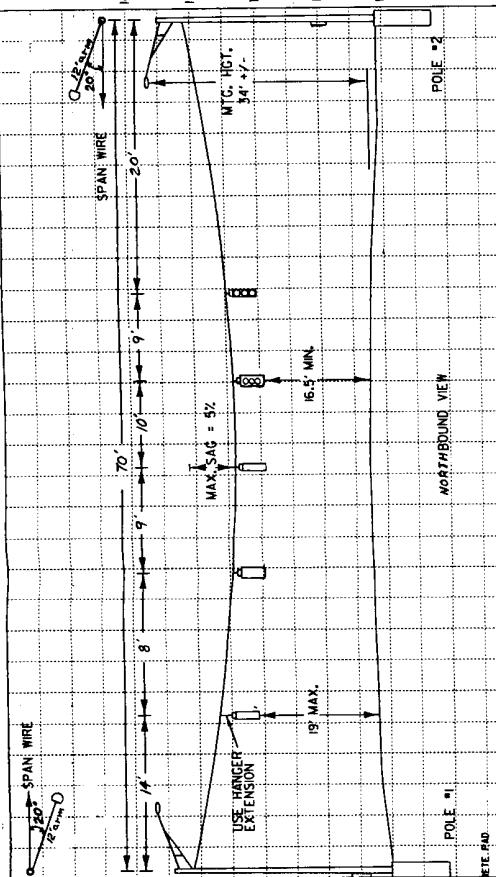

- 10) EACH METAL POLE SUPPORTING EITHER VEHICLE OR PEDESTRIAN TRAFFIC SIGNALS SHALL BE GROUNDED. THE GROUND LUG OPPOSITE THE HAND HOLDING ELECTRODE CONDUCTOR.  
 A) IN INTERNAL GROUND LUG OPPOSITE TUNGSTEN ELECTRODE CONDUCTOR.  
 B) A 6" (MIN.) X 1/2" (MAX.) SOFT DRAWN COPPER GROUNDING ELECTRODE.  
 C) A 5/8" X 8" (MAX.) COPPER CLAD GROUNDING ELECTRODE.  
 THE RESISTANCE TO GROUND SHOULD BE 25 OHMS OR LESS. ADDITIONAL GROUNDING ELECTRODES MAY BE REQUIRED IF THE GROUND SPACING IS SHOWN AS 6'.

- 11) WHEN A POWER SERVICE IS PROVIDED AND DISCONNECTED FROM THE STRAIN POLE, THERE SHALL BE A CONDUIT RUN INTERNAL TO THE STRAIN POLE, THROUGH THE 1/2" FLEXIBLE TUBING (WHICH MAY RUN FROM THE SERVICE TO THE STRAIN POLE GROUNDING LUG, CONTROLLER CABINET AND/OR CUPBOARD) WHICH MAY ATTACH TO THIS CONTINUOUS GROUNDING ELECTRODE CONDUCTOR FROM THE SERVICE KEYS AND DISCONNECT. THE CONTRACTOR SHALL PERFORM A RESISTANCE TO GROUND TEST ON THE CONTINUOUS GROUNDING ELECTRODE CONDUCTOR FROM THE SERVICE KEYS AND DISCONNECT AND PROVIDE A WRITTEN STATEMENT TO THE AREA ELECTRICAL INSPECTOR THAT THE GROUNDING ELECTRODE CONDUCTOR IS CONTINUOUS FROM THE SERVICE KEYS AND DISCONNECT AND THE RESISTANCE TO GROUND IS 25 OHMS OR LESS.

- 12) STRAIN POLE BASE PLATES SHALL BE STAMPED WITH POLE DIAMETER, HEIGHT, YIELD STRENGTH AND GAUGE. ALTERNATELY, THE INFORMATION MAY BE STAMPED ON A METAL TAG ATTACHED TO THE POLE NEAR THE HANDLEHOLE.

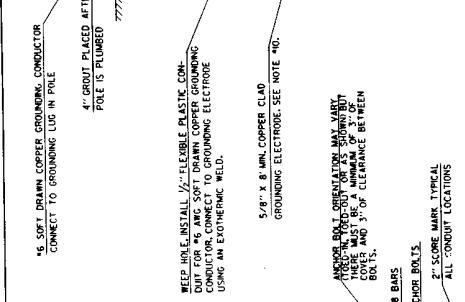

- 13) WHEN USING STAINLESS STEEL BOLTS DO NOT INSTALL BOLT COVERS.

Subject: St. Albans, VT 207, L.S. 000+00 & US 7, L.S. 121+60

Dear Mr. Kleger:

Your application for a permit to widen US 7 and install a traffic signal at the US 7/VT 207 intersection, at the locations indicated, has been processed and is enclosed.

Please contact the District Transportation Administrator, John Bushey, to discuss the permit conditions and to arrange for his timely inspection of the work. His telephone number in St. Albans is (802)524-5926.

Also enclosed, for your information and use, is your copy of a fully executed agreement in regard to inspection of your proposed construction.

Sincerely,

A handwritten signature in black ink, appearing to read "Todd Ronson".

STATE OF VERMONT  
AGENCY OF TRANSPORTATION  
INSPECTION AGREEMENT

COMMONS ASSOCIATES  
d/b/a  
KELLOGG PROPERTIES  
ST. ALBANS, US 7

---

**THIS AGREEMENT**, made and concluded by and between the State of Vermont, acting through its Agency of Transportation, hereinafter referred to as the STATE, and Commons Associates dba Kellogg Properties, duly organized and existing in the State of New York with its principal place of business at 40 West 57th Street, New York, New York, Vermont, hereinafter referred to as the OWNER.

**WITNESSETH:**

**WHEREAS**, the OWNER proposes to construct new signal at VT Route 207 and US Route 7 and lane widening on US Route 7 (hereinafter referred to as Highway Improvements) within and adjacent to the town of St. Albans; and

**WHEREAS**, pursuant to Title 19, Section 1111, Vermont Statutes Annotated, the OWNER will be required to perform in accordance with all permit requirements; and

**NOW THEREFORE**, the parties hereto, in consideration of the above and the promises hereinafter made, agree as follows:

**A. THE OWNER AGREES:**

- DSK
1. To accept all reasonable review and inspection costs incurred by STATE employees during the installation of the Highway Improvements. *The maximum estimated cost will not exceed \$5000.00. If review and inspection costs are expected to exceed this estimated amount, a supplemental agreement will be executed.*
- DHK* 2. To accept all charges incurred by the STATE to correct conditions caused by non-compliance with highway permit conditions or State regulations.
- JKD 10-8-97 6HD 10-8-97* 3. To remit payment within 30 days of receiving a statement of charges from the STATE.
4. To provide inspection and testing services by qualified engineering personnel to insure that all work conforms to Agency Standards and design plans.

**B. THE STATE AGREES**

1. To accumulate all reasonable review, inspection, and/or construction costs in accordance with the OWNER's plans for proposed work as described below:

Construct new signal at VT Route 207 and US Route 7 and lane widening on US Route 7 in St. Albans Town.

2. To provide reasonable notice to the OWNER before taking action to correct non-compliance with permit conditions or STATE regulations in accordance with 19 VSA Section 1111.
3. To submit an itemized bill on a periodic basis to the OWNER for the review inspection costs accumulated as set forth in B.1 above.

**C. THE OWNER AND STATE MUTUALLY AGREE:**

1. That the total cost of review and inspection shall include salary and benefits, expenses, and overhead.
2. That charges incurred under A.2 of this Agreement shall include all related construction costs as accumulated by the District Transportation Administrator.
3. That all contact by the STATE during the review and inspection shall be with the OWNER's designated representative, with no unauthorized contact with the Contractor, except in an emergency situation when no representative of the OWNER is available.
