

Permittee: Vermont Agency of Transportation, 1 National Life Drive, Montpelier, VT 05633

Permit conditions:

1. The permittee shall contact the Agency at 802-828-6417 one (1) business day prior to initiating this permit.
2. The permittee shall coordinate one (1) use inspection with the Agency.
3. This permit authorizes the use of herbicides this year for brush & stump treatment along the State Highway system; for maintenance activities in state-owned rest areas; for vegetation control in state-owned airports; and other safety and public health concerns in these areas. This permit does not allow for treatment to control terrestrial invasive plant species, if not required to meet the safety and public health needs. This permit in no way authorizes the applicant to use pesticides on real estate where it has no lawful right to do so.
4. All applications shall include a spray additive to control drift.
5. At least one certified applicator shall be a member of each application crew. All label recommendations and requirements for protective clothing shall be adhered to for all applicators.
6. Proof of public notification as detailed in the permit application shall be provided to the Agency as proof that the notification occurred (e.g., copies of newspaper tear sheets, invoices).
7. Pesticides shall not enter the waters of the State. Buffers to water are:
  - a. Applications made **parallel** to surface water shall have a visible limit of 10 feet from the edge of the water when spraying glyphosate-only products, or a visible distance of 15 feet when spraying any other permitted products or mixture thereof.
  - b. Applications made at a surface water **crossing** shall have a visible limit of 30 feet from the water's edge.
  - c. Handheld or backpack sprayer applications of glyphosate-only products that have aquatic sites listed on the label may be made to within two (2) feet of surface water where required for maintenance activities or public health concerns.
8. Public and private water supplies are to be avoided.
  - a. Applications shall not be made within 200 feet of a public drinking water source. For sources supplied by surface water the buffer shall be measured from the shoreline. Surface waters in a source protection area that contribute to the source shall have a buffer of 100 feet.
  - b. Applications shall not be made within 100 feet of private drinking water source; as identified by the Vermont ANR Atlas, through well owner notification to VTrans, or identified in the field.
9. A copy of this permit and current maps identifying both public and private water supplies shall be provided to the applicator for use during application.
10. Spray reports shall be submitted by the pesticide applicator to the Agency of Agriculture on a weekly basis.

Records may be mailed to:

Agrichemical Management Section-Vermont Agency of Agriculture  
116 State Street, Montpelier, VT 05620

Alternatively, they may be submitted electronically to:  
both [Dominique.Golliot@vermont.gov](mailto:Dominique.Golliot@vermont.gov) and [Linda.Boccuzzo@vermont.gov](mailto:Linda.Boccuzzo@vermont.gov)

11. The following pesticides may be applied at the rates listed below and in accordance with the label:

Product name	EPA registration number	Rate not to exceed (for)
Garlon 4 Ultra	62719-527	1¼ gallons per acre (brush)
Garlon 3A	62719-37	2/3 gallons per acre (brush)
Oust Extra	352-622	4 ounces per acre (guardrail)
Escort XP or Escort XP	352-439; 432-1549	1/3 ounce per acre (mile markers and delineators); or 1¼ ounces per acre (public health and brush)
Krenite S	42750-247	2 gallons per acre (brush)
Rodeo	62719-324	1 gallon per acre (public health and guardrail)
Handheld or backpack treatments may use the above permitted products up to the labeled rate at a labeled site		

12. This application was reviewed by the Vermont Pesticide Advisory Council and forwarded with recommendation to the Secretary.
13. In the event the permittee sub-contracts or assigns any of the applications authorized by this permit, the permittee shall continue to remain responsible for the conditions of this permit. This condition does not relieve any sub-contractor or assignee from compliance.
14. The Secretary reserves the right to further limit or restrict the application of pesticides approved under this permit as conditions or circumstances warrant.

Dated May 12, 2017
