EBSG Task Group IAC Activity

October 25th, 2024 Joint Meeting

Part 1: This activity aims to ground the concept of environmental benefit in relatable scenarios, focusing on the idea in Environmental Justice that everyone has the right to live, work, and play in healthy spaces. Please reflect on the following questions:

- Where do you live, work, and play?
- What are the similarities and differences between these spaces?
- Can you identify environmental benefits in each space?

Part 2: You will also have an opportunity to suggest specific elements and content to be included in the EBSG Guidance. Please be prepared to share your thoughts on what you'd like to see included in the guidance with the task group.
