Meeting ID: 818 6125 7354

Passcode: 135904

---

- 11:00 AM Welcome / Opening Remarks (Jane/Pat)
- Review of agenda
- 11:05 AM Overview of the Development of the Survey Questions (Charlie/Pat)
- Charlie spoke to how the tabled actions influenced the development of the survey questions.
- 11:15 AM Review of Survey Results (Pat)
- Pat reviewed the survey responses which stimulated a conversation about what is within scope and what is out. The scale and focus of the group garnered debate about the composition of the task group and the ability to answer the questions being posed.
- 11:25 AM Agreement on Scope of Task Group (Pat)
- The group determined that while imperfect, the [tabled actions](#) are the right place to start in finalizing a scope. The concern stemmed around the fact that the Agriculture and Ecosystems Subcommittee, which put these actions forward, did not reach consensus on them. That said, they are the suite of actions tabled by the Council and are referred to in the CAP as the focus for this task group.
- 11:45 AM Next Steps (Pat/Jane)
- Pat and Jane will build an agenda for the next meeting focused on discrete presentations on the GHG inventory and the Clean Heat Standard to inform the walk through of the tabled actions and finalizing of scope.
- 11:55 AM Set Next Meeting and Adjourn
- Public comments were made by Annette Smith and Cheryl Joy Lipton.
