3:35 PM Public Engagement

- Rule-making for ACCII and ACT – Staff reviewed the [rule making and locations memo](#); asked for feedback on locations for public hearings.
- Task Group brainstorming ideas of locations for public hearings. Staff noted that any additional support to find locations would be welcomed; reach out to Rachel and Megan if you have ideas.
- Other Public Engagement Updates – Kashka shared ideas to expand the strategy of broad-based public engagement. This includes organic forms of engagement such as meeting people where they are at celebrations and other community events.

4:00 PM Technical Analyses Update and Next Steps

- AOT shared an updated on the timeline and content for the technical analysis RFP. This RFP is focused on investment in AOT capital programs and what that will yield in GHG reductions; using that to conduct a gap analysis to understand what other AOT programs may be needed to fill that gap. Timeline is to get the RFP out very soon; hope is to have a consultant on board by the end of July.
- Pathways & Gap analysis – DEC staff provided an overview of the updated gap analysis related to transportation emissions.
