10:45 Subcommittee Budget priorities for FY24 (all)

1) Budget requests should be bucketed in the following categories:

- Public engagement and outreach
- Analyses with respect to individual elements of the CAP
- General organizing support
- Implementation (key pieces that haven't already been picked up by state agencies – no need for comprehensive analysis here, just if something is jumping out)

2) Provide explicit prioritization – either with the order in which ideas are presented, or some other way. This isn't to limit the number of ideas, but rather to give everyone a signal of where to focus in the face of limited funding.
