

Join the Agency of Natural Resources (ANR) and Agency of Transportation (AOT) for a virtual public meeting about

Cap-and-Invest: A Climate Pollution Reduction Strategy

Join ANR and AOT for a virtual public meeting that will introduce cap-and-invest as a strategy to cut Vermont's climate pollution. You will learn about a study to consider the potential benefits and impacts to Vermonters.

A cap-and-invest program would place a declining cap on climate pollution and reinvest the proceeds in energy efficiency and clean energy.

Register to join us

Thursday, October 3

via Zoom

Join at 12:00 p.m.

Join at 6:00 p.m.

Visit climatechange.vermont.gov/calendar to register and receive the Zoom link to participate.

Closed captioning will be provided. Please contact Sophi Veltrop with accessibility requests, including language interpretation, at sophi.veltrop@vermont.gov or (802) 522-9555. *Language interpretation requests should be made two weeks in advance of the meeting.
