

MEMORANDUM

To: Vermont Legislative Joint Fiscal Office

From: The Vermont Climate Council

Date: INSERT

Re: Prioritization of Recommendations for FY24 One-time Funding to Support Climate Action Plan Implementation

The Vermont Climate Council respectfully declines to further prioritize our recommendations for one-time funding in the state's FY24 budget. While we understand the need to further refine these recommendations to inform decision-making, the Council does not have the capacity to meet this request. We look forward to working with the Legislature to meet these needs in future years.
