

SURCHARGING

****From Stockbridge BRF 022-1(20)**

xx. DESCRIPTION. This work shall consist of surcharging roadway embankments at the locations and to the pressures indicated in the Plans and as directed by the Engineer.

xx. GENERAL CONSTRUCTION REQUIREMENTS. The Contractor shall construct any portions of the surcharge to be used as permanent fill in accordance with either Subsection 203.11 or MECHANICALLY STABILIZED EARTH RETAINING WALL of Section 900, as appropriate.

Any surcharge loads to be placed that will not be part of the permanent fill shall be removed, and if required replaced, with permanent fill in accordance with either Subsection 203.11 or MECHANICALLY STABILIZED EARTH RETAINING WALL of Section 900, as appropriate.

xx. SUBMITTALS. The Contractor shall submit Construction Drawings for documentation purposes only in accordance with Subsection 105.03. The drawings shall include but are not limited to a plan view and cross section of the surcharge load including limits and density of materials, temporary material, retaining walls, and/or bracing. Any retaining walls, bracing, or reinforced soil slopes used shall be designed by a Professional Engineer.

xx. METHOD OF MEASUREMENT. The quantity of Special Provision (Surcharging) to be measured for payment will be on a lump sum basis in the complete and accepted work.

xx. BASIS OF PAYMENT. The accepted quantity of Special Provision (Surcharging) will be paid for at the Contract lump sum price. Payment will be full compensation for designing and placing the surcharge, any retaining structures, bracing, or reinforced soil slopes, removing the surcharge when it is no longer required, and for furnishing all labor, tools, materials, equipment, and incidentals necessary to complete the work.

If the Contractor's means and methods for meeting the requirements of Special Provision (Surcharging) require work outside the limits of the surcharge shown on the Plans, all costs associated with this work, including acquiring additional permits and right-of-way, shall be included in the unit price bid for Special Provision (Surcharging).

Payment for constructing portions of the surcharge to be used as permanent fill and for replacing materials used as surcharge with permanent fill will be made under the appropriate Contract items.

Payment will be made under:

<u>Pay Item</u>	<u>Pay Unit</u>
900.645 Special Provision (Surcharging)	Lump Sum
