

REMOVE AND RESET FLAG POLE

****From Barre City FEGC F 026-1(34) C/2**

- xx. DESCRIPTION. This work shall consist of removing and resetting an existing flag pole(s) at the location(s) indicated in the Contract Documents and as directed by the Engineer.

The work under this Section shall be performed in accordance with these provisions, the Plans, and Section 675 of the Standard Specifications.

- xx. LOCATION. This work is specified for removing and resetting an existing flag pole **on the Granite Hills Credit Union property.**

- xx. MATERIALS. Concrete for flag pole foundations shall conform to the requirements of Section 541 for Concrete, Class B.

- xx. RESETTING FLAG POLES. The Contractor shall re-use all existing materials to the greatest extent possible for the resetting of the flag pole.

The Contractor shall construct the foundation for the flag pole to be reset matching the size and depth of the foundation of the flag pole at its existing location. The Contractor shall supply new hardware and accessories as needed for the resetting of the existing flag pole.

All landscaping disturbed by the construction shall be restored to its original condition upon completion of the work. This work will be performed at the Contractor's expense.

The Contractor shall temporarily store the flag pole on the Granite Hills Credit Union property at a location designated by the property manager. Any damage to the flag pole, including scrapes and scratches to the paint, shall be the Contractor's responsibility to repair to its preconstruction condition at the Contractor's expense.

- xx. METHOD OF MEASUREMENT. The quantity of Special Provision (Remove and Reset Flag Pole) to be measured for payment will be the number of poles removed and reset in the complete and accepted work.

- xx. BASIS OF PAYMENT. The accepted quantity of Special Provision (Remove and Reset Flag Pole) will be paid for at the Contract unit price per each. Payment will be full compensation for removing the flag pole and foundation; for transporting, handling, and temporarily storing the flag pole; for providing new hardware and accessories as needed; for resetting the flag pole at the location indicated in the Plans or as directed by the Engineer; for performing any required excavation, foundation construction, and backfilling; and for furnishing all labor, tools, equipment, and incidentals necessary to complete the work.
