

WASTE CHARACTERIZATION SAMPLING

****From Bennington NH 019-1(55)**

- xx. DESCRIPTION. This work shall consist of environmental laboratory characterization of contaminated soils as required to meet the requirements of the disposal facility and applicable regulatory agencies.
- xx. GENERAL REQUIREMENTS. Excavation from the project classified as Group II soils shall be transported off-site for disposal at a licensed facility. Laboratory analytical testing will be conducted by the Contractor on samples of Group II soils based on the criteria of the off-site disposal facility. The Contractor will be responsible for obtaining and analyzing composite samples of suspected contaminated soils for disposal pre-characterization in accordance with the disposal facility requirements. The Contractor will also obtain soil samples from the bottom and sidewalls of the excavations for confirmatory off-site laboratory analysis. The Contractor will provide the Engineer and ANR with copies of the laboratory report(s).
- xx. METHOD OF MEASUREMENT. The quantity of Special Provision (Waste Characterization Sampling) to be measured for payment will be the number of samples identified for testing by the Engineer and in accordance with the criteria established by the Licensed Disposal Facility in the complete and accepted work.

The quantity of Special Provision (Waste Characterization Sampling) to be measured for payment will be the number of samples obtained and tested to meet the requirements of the Licensed Disposal Facility and applicable regulatory agencies in the complete and accepted work.

- xx. BASIS OF PAYMENT. The accepted quantity of Special Provision (Waste Characterization Sampling) will be paid for at the Contract unit price for each. Payment will be full compensation for performing the work specified, including sampling, testing, and reporting test results of soil materials, and for furnishing all labor, tools, equipment, and incidentals necessary to complete the work.

Payment will be made under:

<u>Pay Item</u>	<u>Pay Unit</u>
900.620 Special Provision (Waste Characterization Sampling)	Each
