RFI #3 – Request to Drill Field Splices (actual) Size

The Request for Information (RFI) #3 dated 4/29/2016 has been received and is being returned. Additional information is requested. Please address comments on the accompanying document titled ‘Middlesex steel RFI 3 Resubmit.pdf’ should you wish to further pursue this RFI.

Please also note that by pursuing this fabrication method the steel fabricator will only be required to pre-assemble one line of girders and will not be match drilling the assembly pieces. Beck & Bellucci recognizes and accepts this risk by pursuing this RFI further.

Sincerely,

Doug Bonneau
Project Manager

Cc. *Tom Mancini*, Resident Engineer
Chris Williams, Regional Construction Engineer
Ryan Foster, Structural Steel Fabrication Engineer
