

VTrans

OFFICE MEMORANDUM

PROGRAM DEVELOPMENT - Structures Design Section

TO: Tim Pockette, Resident Engineer
FROM: Carolyn Carlson, Structures Project Manager
DATE: March 5, 2015
SUBJECT: Shrewsbury STP 1443(44) Traffic Control Plans

A handwritten signature in black ink, appearing to read "Carolyn Carlson", written over the printed name in the "FROM:" field.

We have reviewed the traffic control plans submitted by Casella and they will need to be resubmitted. These are working drawings and section 105.03(b)(2) of the VTrans Construction Specification requires that working drawings be designed and detailed by a PE. These plans do not meet this requirement.

We also have comments that need to be addressed.

If you have any questions, please contact me at 828-0048.
