Re: Irasburg IM Deck (46) – Traffic Control Plan – Amendment #1

Dear Brad,

I have reviewed your proposal to modify your traffic control plan to revise the phasing for the bridge lane closures. The proposal would revise sections 3.3 and 3.4, moving 3.4 ahead of 3.3. I see no revisions to the logistics of each phase which would require a revised procedure that has not already been reviewed.

Sincerely,

A handwritten signature in black ink that reads "Nathan Sicard". The signature is written in a cursive style with a large initial 'N' and a long, sweeping tail.

Nathan P. Sicard, P.E.  
Civil Engineer
