Windsor, VT 05089-0086

Project Name: Brookfield BRF FLBR(2)
Structure Identification: VT 65 Bridge #2 over Sunset Lake

RE: Item 900.645, "Special Provision (Fiber Reinforced Polymer pontoons)"
NCR 2 – Inclined web line, timber bracing, pontoon length

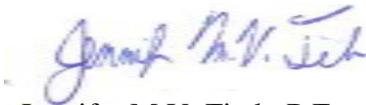

Mr. Holloway –

As described in the attached letter, the deviations from project requirements noted by Kenway Corporation in a letter dated July 28, 2014 and subsequently submitted to VTrans as NCR 2 have been reviewed by T. Y. Lin International (Design Engineer of Record) and observations and opinions on the nonconforming aspects have been noted.

You are hereby notified that VTrans rejects pontoons 1 and 2. Furthermore, continued fabrication of hull and top plate components shall cease until such a time that it can be proven that project tolerances will be met.

Please feel free to contact me with any additional questions or clarifications.

Sincerely,

Jennifer M.V. Fitch, P.E.
Project Manager
