c/o Scott Murphy, Town Manager  
Town of Wilmington  
P.O. Box 217  
Wilmington, VT 05363

**RE: Wilmington STP 013-1(14) VT Route 100, Bridge 47 over Unnamed Brook**

Dear Mr. Consolino,

A Regional Concerns meeting for the above-referenced project was held in Wilmington on October 18, 2012. Conceptual plans based on the alternative recommended in the Scoping Report presented at that meeting have been developed and are attached for your information.

This bridge is part of the State Bridge Program and is owned and maintained by the State so no Town funds will be required. Please note that the plans propose a 2 week maximum road closure while the bridge is replaced using Accelerated Bridge Construction techniques. This approach has many advantages as presented and discussed at the Regional Concerns meeting and is consistent with the initiatives in our Accelerated Bridge Program.

I would also like to take this opportunity to notify you that this project is being assigned to the Design Project Manager Kristin Higgins. Kristin will be responsible for managing the design phase of this project which will lead into the Construction phase. At this time, we anticipate that construction will take place in 2014 or 2015 at the latest.

If you have any questions, comments or concerns please feel free to contact me or Kristin by email at [chris.williams@state.vt.us](mailto:chris.williams@state.vt.us) or [Kristin.Higgins@state.vt.us](mailto:Kristin.Higgins@state.vt.us) or by mail at the address shown above.

Sincerely ,

Christopher P. Williams, P.E.  
Structures Senior Project Manager
