Dear Charlie,

We have reviewed the Traffic Control Plans and Temporary Bridge Plans for the **Wardsboro BRF 013-1(15)** that were submitted to us on October 13, 2015 via SharePoint. We have determined that they must each be resubmitted. Please review our comments and make the necessary changes.

We are concerned about the approach limits for the temporary bridge on the Coburn property. The cross sections show fill beyond the area of temporary easements that we acquired for the project. Also, please read general note number 36 on sheet 5 of the plans regarding the drywell on the Coburn property. Please show the drywell on the plans along with the fabric filter.

Sincerely,

A handwritten signature in purple ink that reads "Carolyn W. Carlson".
