

Child Care Financial Assistance

About

The Child Care Financial Assistance Program (CCFAP) is a State of Vermont program that reduces child care costs for eligible families. Detailed information about the program is available on the [CCFAP webpage](#).

Who Is Eligible

Many Vermont families are eligible for help to pay for child care. To be eligible, your family must:

- Have an accepted service need (reason) for child care. Contact your local community child care support agency for help in determining the reason you need child care.
- Meet the current income guidelines.
- Use regulated child care: Children must attend child care, preschool, or afterschool care licensed by the State of Vermont. In some cases, approved relatives may be eligible to receive payment for providing care.
- Live in Vermont.
- Have less than \$1 million in assets.

Where To Get Help and How to Apply

Eligibility specialists are available to guide you through the application process. They can:

- Answer your questions
- Determine if you are eligible
- Help you apply
- Provide copies of any forms you need to fill out
- Help you find a child care provider if you don't already have one

Visit CDD's [Community Child Care Support Agencies](#) webpage for more information and see the list of agency locations and contact information on the following page.

If you get Reach Up, ask your case manager if they can authorize CCFAP for you. If they can, you won't have to complete an application.
