Waitlist and Tentative Grants

Projected Spending

To determine the appropriate number of VSNIP vouchers DCF may issue on a weekly and monthly basis, within the limits of the VSNIP budget, DCF will:

1. Calculate the average voucher payment in the current fiscal year.
2. Determine the amount of VSNIP funds remaining.
3. Divide the amount of VSNIP funds remaining by the average voucher payment and divide that by the number of months remaining in the fiscal year.

DCF will recalculate monthly.

Waitlist

Criteria for Prioritizing VSNIP Applications

The number of vouchers issued for VSNIP shall be determined according to the funds appropriated for the program for that fiscal year. If there are no available VSNIP vouchers at the time the Department receives an application, the applicant shall be placed on the VSNIP waitlist. The applicant's position on the waitlist shall be determined according to the following point system:

Points shall be assigned only once within each category. The maximum number of points is 43. Applicants with the highest number of points shall receive priority for the next available VSNIP voucher. If more than one applicant receives the same number of points, the applicant will be placed on the waitlist in the order of the time and date the application was received.

Category	Description	Points
Household Type	Reach Up/3 Squares/Fuel Recipient	20
	SSI/SSDI /SSA Recipient	15
	Below 125% of FPL	10
Senior	Over Age 65	3
Prior VSNIP Utilization	No prior utilization	10
Source of Income	Employment	10
	Reach Up/RA/PSE and/or	5
	SSI/SSDI/SSA	

Applicants will be granted VSNIP vouchers based on their assigned points and the amount of time their application has been waitlisted. Each week, DCF will grant half of the available

vouchers to those with the most points and half to those applicants who have spent the longest time on the waitlist.

Tentative Approval

Applications for VSNIP will be evaluated according to the following eligibility criteria:

General Eligibility

This program is open to any Vermont resident who owns a companion animal acquired for no compensation or for a nominal fee of no more than \$75.00 and who is income eligible as set forth in these rules.

Income Eligibility

The owner of a companion animal who has a household income at or below 185% of the federal poverty limit, as demonstrated by participation in a state or federal public benefit program with the same or more stringent income eligibility guidelines, is income eligible. A participant in the Vermont Department of Health's WIC Program is also income eligible.

If an applicant does not meet eligibility criteria, the application will be denied and the applicant will be provided with a notice of decision (denial).

If the applicant is found eligible for VSNIP, the applicant will be placed on the VSNIP waitlist and provided with a notice of decision (tentative approval).

Each week DCF will review the waitlist. Applicants that have spent the longest amount of time on the waitlist will be awarded half of the available vouchers. Applicants with the most points will be awarded the other half of the available vouchers. Applicants approved for VSNIP vouchers will be provided with a notice of decision (approval).

VSNIP Waitlist Letter

Applicants found eligible for VSNIP and placed on the waitlist will receive a letter advising them of their status and any subsequent steps they should take to remain eligible.
