PURPOSE OF REGULATIONS

010 Under the Authority of 33 VSA, 3501, the Department for Children and Families is responsible for licensing foster homes.

These regulations have been established to assure the care and safety of children who have to live in homes other than their own. A license is issued if the foster home and prospective foster parent(s) meet these regulations.

If the department finds the applicant(s) or licensee(s) unwilling or unable to meet these regulations, the license will be denied or revoked.

Regulations necessary to assure a child's well-being cover the following:

1. The safety and adequacy of the home for the care of children;
2. The personal characteristics and social relationships of the foster parent(s) and other members of the household;
3. The commitment to foster care, and the ability and willingness of the foster family to work cooperatively in support of the child's case plan; and
4. The ability of the foster family to provide positive, constructive experiences for all children in their care.

STATUTORY AUTHORITY

020 Vermont law regulating the licensing of child care facilities is set forth in Title 33 of the Vermont Statutes Annotated as follows:

Foster Care and Placement Licensing (33 VSA, 3501)

- a. A person, other than an employee of a department within the agency of human services, shall not place any child in foster care for more than 15 consecutive days unless the person has a license from the department to do so or is an employee of a child-placing agency licensed by such department.

- b. A person shall not receive, board, or keep any child in foster care for more than 15 consecutive days unless he has a license from the department to do so. This subsection shall not apply to foster homes approved by a department within the agency of human services or by a licensed child-placing agency nor shall it apply to those facilities where educational or vocational training is the primary service and foster care is a supportive service only.
- c. This section shall not restrict the right of a court, parent, guardian, or relative to place a child, nor the right of a person not in the business of providing foster or child care to receive, board, and keep a child when a valuable consideration is not demanded or received for the child's care and maintenance.

Administrative Provisions (33 VSA, 306)

This subsection shall apply to all licenses and applications for licenses, which the commissioner or the department may issue or grant, unless otherwise specifically provided.

1. The commissioner shall issue regulations governing application for, and issuance, revocation, term and renewal of licenses and registration. In the regulations he may prescribe standards and conditions to be met, records to be kept, and reports to be filed. Licenses and registration shall be for a term of one year from issuance unless otherwise prescribed by regulation.
2. Premises covered by a license or registration may be visited and inspected by the department at reasonable hours. A person who accepts a license or registration shall permit visits and inspections, and examinations of the records he is required to keep.
3. A license or registration may be revoked for cause after hearing and may be suspended in situations that immediately imperil the health, safety, or well-being of persons in the care of the licensee or registrant.
4. Before a license is granted, the department shall visit and inspect the premises for which the license is requested, and make further inquiry.

PROCEDURES

Issuance, Reissuance, and Conditions

- 030** An original license shall be valid for one year unless otherwise prescribed by the commissioner, except when the license is revoked or otherwise invalidated.
- 031** Renewal of a license shall be on a yearly basis unless otherwise prescribed by the commissioner. When the home is evaluated for re-licensure, the state licensing authority will review compliance with these regulations and will evaluate how well the needs of children in the care of the foster parent(s) have been met.
- 032** A license is valid only for the person(s) named on the license and for the premises for which the license was issued.
- 033** The department may place conditions on a license, including the limitation to provide care only for a specific child.
- 034** The state licensing authority may require any person in the household or any person who provides care and supervision to foster children on a regular basis, whether or not that person is an applicant or licensee, to submit references and to provide such other information as the state licensing authority may deem necessary.

Variations

- 035** The state licensing authority may grant a variance from a specific regulation upon its determination that the applicant or licensee will otherwise meet the goal of the regulation. A variance may contain provisions or limitations.
- 036** A variance is valid for the duration of the license, unless revoked or limited by the state licensing authority, and can be renewed.

Denial, Revocation, and Suspension

- 037** A license may be denied or revoked if the applicant or licensee fails to meet any licensing regulations.
- 038** A license may be denied or revoked if the applicant, licensee or other member of the household:
- 038.1** Has been charged with or convicted of a criminal offense;
 - 038.2** Has current, unresolved problems with alcohol or other chemicals; or
 - 038.3** Has abused or neglected a child.
- 039** A license may be suspended if a situation exists in the foster home, which immediately imperils the health, safety, or well-being of persons in the care of the licensee.
- 040** A license may be denied, revoked, or limited if an unusually stressful situation exists in the foster home, which affects the appropriate care of children. Such situations include, but are not limited to divorce, separation, death, unemployment, serious illness or injury, or the entry of a new member into the household.
- 041** When a license is denied, suspended, or revoked, a written notification specifying reasons for denial or revocation shall be forwarded to the applicant(s) or licensee(s).

Appeal Rights

- 042** When the department proposes revocation of a foster home license, the licensee will be offered an opportunity for a hearing with the commissioner or the commissioner's designee prior to the effective date of the revocation.
- 043** A licensee or applicant for a license who is aggrieved by a decision of the licensing unit will be granted a fair hearing before the Human Services Board if requested within 30 days of the department's issuance of the decision.

Foster Home Records

- 044** The department shall keep records on each foster home applicant and licensee. Records shall include applications, reference letters, compliance checklists, licensing reports and notes regarding communication with or about the applicant(s) or licensee(s). These records are the property of the department and shall only be disclosed as set forth below.
- 045** The department shall, upon request, make available to the subject applicant(s) or licensee(s) all information contained in the licensing record except information received from third persons, such as reference letters and information which is made confidential by law. The department shall, upon receiving a written release from the subject applicant(s) or licensee(s), make available to designated third persons all information contained in that applicant's or licensee's licensing record to which he would have access.

Terms of Licensure

- 046** The total allowable number of children living in or regularly cared for in a foster home will be determined by evaluation of the family's ability to provide appropriate care and supervision and by the amount of living space in the home.
