

Annabelle, 9

My favorite things:

Coloring, playing with my dolls, being outside, climbing, riding my bike, and dressing up.

Things I do not like: Having to do chores.

Favorite Foods:

Chicken nuggets, donuts, and fruit.

What I want in a family:

I would want a family who is patient and understanding of how my past experiences may affect my needs. Annabelle wants to be loved and to feel safe. She would do well with a family that was active and sets clear expectations.

What I want families to know about me:

I like to be outside and explore. I can be helpful with daily chores if it is something I enjoy. It takes a little time for me to open up to others, however once I get to know you I will typically interact more. I like the colors pink and purple and will wear those colors as much as possible!

What we want families to know about the youth:

She is funny, sweet, and caring. Annabelle likes to play independently and at times needs reminders to stay on task when given directions.

Annabelle thrives with structure and routine. She needs a family that can provide a nurturing environment, set clear and firm limits, and provide consistent boundaries. Are willing to participate in any recommended trainings and therapy sessions and can be patient and loving.
