

## **Christopher, 14**

### **My Favorite Things:**

I enjoy playing basketball, and have quite a good shot. I also like football and soccer. I like spending a lot of time outdoors, riding my bike, swimming and playing on the playground. I like playing video games, and also Magic and Pokémon.

### **Things I do not like:**

I don't like reading. I also don't like rain, because then I can't play outside. I like to play Wii when it is raining. I also don't like Brussel Sprouts.

### **Favorite Foods:**

French fries, hamburger, chicken nuggets, pizza and Lasagna.

### **What I want in a family:**

Most important for me is to have a family that will stay together, and not separate. I want a family who is caring and loving. I like living in the country, but also want to live near a town. I want to be the only child in the home. It is ok if there are animals in my home.

### **What I want families to know about me:**

I am athletic and caring.

### **What we want families to know about the youth:**

Christopher is a loving boy who enjoys adult attention. He is active, and does well when given an outlet for his energy. Christopher needs a family who can nurture him and provide him with stability and predictability.
