

Profile: Layla Age 15

My favorite things:

I like farms and everything about them! I just love cows. I am not afraid to get dirty. I love being outdoors and going four wheeling and mudding! I like sports: basketball, volleyball, field hockey, softball.

Things I do not like:

I am not always fan of younger siblings if you know what I mean. I do not like stressful over crowded situations. Not a fan of city living and do not see myself thriving in city like situation.

Favorite Foods:

I love lobster and a nice rare steak! Sort of a surf and turf girl. I also cannot turn down buffalo chicken wings.

What I want in a family:

Looking for a family that allows me to grow. That allows me to have contact with some of my biological family including siblings. That is important to me.

What I want families to know about me:

I am a social butterfly. I can start up a conversation with anyone. I am an outdoor person. I do not mind hard work and getting dirty. I want to be active and participate in sports. However, I do love to read books!

What we want families to know about the youth:

Layla is a very likeable youth. She has done well working on any issues she may have had or currently having. She is working on her coping strategies every day. She is proud of the work she has done. She wants to be part of a family. Layla does have a strong bond to siblings and that contact is important to her.

Contact Information:

Kirk Brewster

-Permanency Planning Counselor

-Best way to contact: kirkb@lundvt.org I usually respond pretty quickly or 802-772-0703 leave a message.
