

Linsey, 11 Years Old

My favorite things:

I love swimming in general. I can swim when it's hot or cold out! I like to play basketball. I like to try new things and activities. I like to be active. I am into crafts and puzzles. I like animals. I love being around babies and other young children. I just like helping them out. I enjoy books and my favorite subject is social studies.

Things I do not like:

I don't like yelling. I don't want people hitting me. I want people to be nice to me when we play games. I don't like cleaning/chores too much but will do them. I am not a fan of math!

Favorite foods:

I pretty much like all food! I love a good lasagna. Mashed potatoes. Ice cream. I like a nice roast beef sandwich. Love me some bubble gum!

What I want in a family:

I want a family that is going to be there for me. That they want to play games with me. I want a supportive family. I don't want a family that will be too busy that they will ignore me. I want a family that has rules and some structure, but not too strict! I do want a phone someday.

What I want families to know about me:

I love my sisters and want to have contact with them. That is important. I like doing activities but only for like two hours and then I want to move on. I think I prefer living in the country and rural areas. I am not sure about living in a busy city. I am the youngest in my family and would like to try and be at least the middle child if I can.

What we want families to know about her:

Linsey is a high energy youth and needs a family that will match that. She likes to stay busy and active. She is very kind and sweet. She can be very helpful and loves taking care of younger kids. She is very loyal to her siblings and contact must be maintained. Linsey wants a family that will give her structure and attention. A family that will allow her to grow but at the same time set some limits.
