

LOGAN Age 10

My favorite things:

I like Basketball. I actually like a lot of sports. I want to dirt bike. I like video games. I like to play with my friends. I like to swim, play Legos, and card games with people.

Things I do not like:

I don't like school. Don't like people yelling and screaming. I do not like bullies. I don't do well with change sometimes.

Favorite foods:

A good mac and cheese! Pizza of course. Slim Jims and other meat sticks. Pizza rolls too!

What I want in a family:

Family that has animals. Family that allows me to do fun things. A family that can be affectionate. A family that wants to do activities with me. A family likes to be outdoors. I want to try new things.

What I want families to know about me:

I am athletic. I like to play sports. I just like to be outdoors. I like to joke around. I can be friendly.

What we want families to know about the youth:

Logan likes to be outdoors. He thrives on it. He likes to be active and entertained. He likes people to be engaged with him. Logan is a jokester and likes to have fun. He can be kind and friendly. He would do best with a family that is structured, has routines, and can offer coping skills. He does well when he has choices. A family that is trauma informed. A family that understands triggers and warning signs. A family that understands all behavior has meaning. A family willing to teach and practice good social skills. A family that will be supportive during stressful times.
