

## **Lucas, Age 7**

**My favorite things: Elsa, footsie pajamas, princess gowns, pop its, watching videos**

**Things I do not like: being told no**

**Favorite foods: almost anything but loves hot chocolate, sweets and chips but likes fruits and vegetables too**

**What I want in a family: Lucas does well with other children but struggles when he is having a behavior. He would do best in a two parent home with no other children.**

**What I want families to know about me: that he likes to joke**

**What we want families to know about the youth: Lucas likes to play and joke and be silly. He is sweet and curious. Lucas has a lot of trauma so he struggles with being told no and feeling like he isn't in control. He does better when people are able to wait him out.**
