

Michael, 16

My favorite things:

I like to clean and organize things. I like to garden. I love to read! I love Legos. I want to visit LEGOLAND someday. Science is my favorite class.

Things I do not like:

I do not like sports. I do not like kids being mean to me.

Favorite foods:

Pizza...Homemade Mac and Cheese with Broccoli...Pasta with red sauce...Quesadillas

What I want in a family:

I want a family to love me and take care of me. I want a family who can help me be a good person. I would like a quiet family that is not too busy for me.

What I want families to know about me:

I am a kind and good kid. I like to read and clean. I have sensitive skin and only use Dove soap. Do not expect me to like or participate in sports. I want to have a good life.

What we want families to know about the youth:

Michael needs a family committed to work with him in therapy. A family who will embrace his love of reading. A family that understands he does not want to be an athlete. A family who can support Michael and work as part of a team to address any of his needs. He will need help growing up into a young man and family that understands that. A family that can show patience, be caring and understand childhood trauma. Michael should be the only child.
