

Phoebie, 15 years old

My favorite things:

I enjoy spending time with people and being engaged in an activity. I like arts and crafts, making slime, riding my bike, swimming, watching movies, and jumping on the trampoline. I absolutely love hugs. My favorite colors are pink and purple, my favorite movie is Lilo and Stitch, and my favorite television show is NCIS. I love school.

Things I do not like:

I do not like being ignored or excluded. I do not like negative consequences.

Favorite Foods:

I love homemade cooking.

What I want in a family:

I want a family who is nurturing and attentive. I would do best with a family who can be active with me and support my need to stay busy. I want a family who are patient and kind. Most of all, I want a family who wants me.

What I want families to know about me:

I am fun, loving, and have a great sense of humor. I like having responsibilities, contributing to the house, and earning an allowance. I like to be involved. I like being engaged in some sort of activity, whether it's playing outside, being creative inside, or doing a chore.

What we want families to know about the youth:

Phoebie is a genuine and loving young person who thrives from individual attention. She likes to make people happy and will do kind things for those she cares about. Phoebie wants to be needed and loves praise. It can be challenging for her to hear negative feedback. She is ready to create an attachment with her forever family. Phoebie would do best as an only child, or youngest child.
