

Name and Age: Rachel 15 yrs old

My Favorite Things:

I enjoy nature in general. I like animals. I like to hike and be outdoors. I enjoy going to skateboard park. I like to use the swings at a park. I enjoy hanging out with my friends. I like to make jewelry. I like to try new things. I have visited the Ocean and would like to visit more often. I actual like to work and want to get a job.

Things I do not like:

I am allergic to nuts...so I don't like them! I don't like when people dumb things down to me. Be honest with me. I don't like being accused of things I didn't do. I don't appreciate people copying me. I don't like feeling being trapped inside and want to be able to be out and about.

Favorite Foods:

I love mac n' cheese. I like good shepherd's pie. I enjoy strawberries and bananas.

What I want in a family:

I want a family that will trust me and give me the benefit of the doubt. I want to be treated like a young adult and have some freedom that a 15 yr old would have. I want parents who are relaxed and not high strung. I want an active family that is willing to do things and go places.

What I want families to know about me:

I love school and try my hardest in all my subjects. I am a hard worker. I want to work and have a job. Family is important and want to stay connected to my siblings.

What we want families to know about Rachel:

An interested family should know something about how childhood trauma can impact a young person. Rachel is very resilient and great at advocating for her needs. She will need guidance and the room to grow as a young adult. A family that can provide structure and routine and can show patience and be great at communicating even when times are tough would be a great fit.
